Jagan Sharma, Indian leader and food scientist, told members of the Lawyers club here.

Kersey to Talk To Rotarians Here Tonight

Vierling Kersey, Superintendent of Schools of Los Angeles, will be the speaker at the Rotary club meeting tonight in the Woman's clubhouse.

Kersey will speak on the subject of "Educational Outlook," and the program is in honor of Public Schools Week.

Principal Harold Perry, of Torrance High school, a member of the club, will be the program chairman.

School on Pay Voted for City Policemen

Police officers may go to school and be paid for the time they spend in classes, as a result of action of the City Council Tuesday night.

Police Chief John H. Stroh asked that they be allowed two hours a month for classes conducted here by the sheriff's office, but the council went a step further, declaring that the schooling is worth the cost. The officers will be paid for all time spent in classes.

G. L. Enfield and L. J. Beale were hired as patrolmen Tuesday night.

AT PACIFIC BASE

Harry Richhart, a painter 2/c, recently arrived at a South Pacific base where he landed un-

der combat conditions, he stated.

U. S. Treasury, Coast Guard, Pay Big Tribute To Students Of High School

A 21 gun salute to the students of Torrance High school was given by the "Schools-at-War" section of the U. S. Treasury and the United States Coast Guard on Monday.

The special tribute took place on the stage of the "aud" at 1:30 p.m. in recognition of the outstanding record made by the students and faculty through the sale of war bonds and stamps.

The United States Coast Guard presented a program of entertainment which featured talented personnel now wearing the uniform of Uncle Sam. Highlighting the presentation were the piano melodies of Coast Guardsman Harry Fields, famed Decca recording artist and former star on Bing Crosby's Kraft Music Hall radio program. Other acts included the Flying DeWaynes, three Coast Guardsmen who formerly were internationally famous as an acrobatic team. Joseph Bjorn Dahl, a Coast Guardsman recently returned from Hawaii, lent a melodious voice to the occasion.

School Man Addresses Lions Club

Shortages of teachers in the public schools is due to several reasons, William Conrad, a deputy school superintendent, told members of the Torrance Lions club at luncheon in the Civic Auditorium on Tuesday noon. Among the reasons given by Conrad are: Teachers serving in the armed forces, working in war plants, remaining at home to care for their young children in the absence of domestic help, and desiring to be near their husbands in the armed forces.

He spoke briefly on the history of Public Schools Week, telling of its origin by the Masonic Order after the close of the first World War. Dr. Rollin R. Smith was the program chairman, and President H. B. Lewis presided over the session.

Capt. Robert Eton of Torrance Army Hospital who is leaving soon for officers special service school at Lexington, Va., rendered several piano numbers for entertainment of the club.

Albert Isen and Earl M. Malloy were inducted as members of the new Lions club.

Philip Van Dyke and Dr. J. J. Thorne were guests.

Ensign Dorothy Irwin of the U. S. Coast Guard Women's Reserve acted as mistress of ceremonies and expressed her thanks on behalf of the armed services for the excellent contribution shown toward the war effort by the students.

A most commendable spirit has been evidenced by the pupils in all preceding war loan drives and it is because of this that Torrance High school has been accorded the unusual tribute for their efforts in boosting the morale of our fighting men and women.

SCIENTIFICALLY FILLED PRESCRIPTIONS

—Inexpensive —Efficient

Accuracy Speed

Precision Protection

Experience Knowledge

Science has a dual purpose! On the battle-fronts it is used ruthlessly to destroy lives... in the pharmaceutical field it is used to save lives. When its accuracy and precision is coupled with our experience and knowledge it becomes a benevolent benefactor of mankind. However, it must be used by competent skilled hands or it again reverts back to its base role of destruction. You can confidently come to us in the knowledge that we are scientifically trained to fill your prescriptions for your protection.
