TAC Handed Beating by Pacific Nine
 Torrance Athletic Club was handed its second straight defeat, 11 to 8, by the powerful Pacific Pipeline nine Sunday at Torrance ball park.
 However, it was not all beer and skittles for the pipeliners as the TAC nine made it a battle all the way to the delight of the large crowd that turned out to see the colored boys in action.
 The Pacific nine took a 5 to 0 lead in the first inning and it looked as though the game would develop into a rout. But the TAC boys came to life in the 4th when Ausmus drove in Johnson and Jackson with a single and scored himself on Kuhn's infield out.
 Pacific came back to score five runs on five hits to rout O'Reagan in the 5th and Don Cottle took over allowing 1 run in the 6th and shutting them out the rest of the way.
 TAC trying hard to stay in the game scored two in the 5th and when they scored two more in the 7th, Smith, Pacific pitcher, was taken out and Miles finished the game being touched for another run in the 8th, a single by Kuhn and a double by Cottle.
 Bill Johnson again played outstanding ball for TAC at shortstop.
 Next Sunday, TAC will try to regain its winning stride against the fast Pittsburgh Pirates.
 TAC will be strengthened by the return of Gus Muehler, catcher, and Tex Robert, outfielder and pitcher, and the addition of several high school players from other Marine League schools.

HOW DEEP WILL YOU DIG in the MIGHTY 7th WAR LOAN?
 This year, the 7th War Loan has to raise just about as much as was raised by TWO loans up to this time last year. You can see in the picture one reason why . . . why that boy and millions like him must continue to have every advantage money will buy to do the job and get him home, again. War bond money buys food, clothing, weapons and ammunition. War bond money buys medical supplies and convalescent care. War bond money helps bring him home faster. THAT MUCH FOR YOUR CONSCIENCE. . . This much for your pocket: \$4 for every \$3 invested, at maturity; guaranteed security—the same security that backs the dollars you put into the bonds; the world's best investment.
