Canning Sugar Rationed at 10 Lbs. Per Person

Following in the wake of nationwide tightening of the sugar rationing program, Southland housewives will be limited to an issuance of 10 pounds of sugar for home canning purposes, the Office of Price Administration said today.

The order was issued last weekend in San Francisco by OPA Regional Administrator Charles Baird, and applies to not only California, but Arizona, Nevada, Oregon, Washington and northern Idaho.

In commenting on the regional order, Paul Barksdale, OPA's Southland OPA ration chief, said "This cut will assure every family of receiving some sugar for canning purposes."

"Later in the canning season if the 10 pound allotment does not consume all of the probable supply, we hope to issue additional home canning sugar."

O'Orro also pointed out that the decrease to 10 pounds per person had brought the family per-capita quota down to 80 pounds. This means that family units up to eight persons may obtain a maximum of 80 pounds.

BIG NEW WORK PROGRAM—COME AT ONCE
We have been given the "go ahead" signal on the production of a sensational new plane for the Navy... which the Japs will hate to see in increasing numbers in the Pacific. So we are not affected by cutbacks; and there is assurance this work will continue even if the Japs should suddenly surrender. So here is a real opportunity to learn aircraft and be well paid while learning.
You owe it to yourself and the boys overseas to help in turning out these urgently needed planes which will shorten the war in the Pacific. Working conditions at El Segundo Douglas are unusually good. It is large, clean and airy—easy to reach... and has excellent free parking. We have a large, well-equipped cafeteria, well-stocked welfare stores and special departments to help you with transportation and housing. Come out today.
