

### Churches Unite In Holy Week Observances

The Christian Church, Methodist Church and St. Andrew's Church are uniting in union services Tuesday, Wednesday and Thursday evenings of Holy Week. All the services will be held at St. Andrew's Church, starting at 7:30 p.m. Tuesday night the choir of the Christian Church will provide the music with Mrs. Addie Parks as the organist. The pastor of the Methodist Church, Rev. Mr. Clyde Ruckman will preach. Wednesday night the Methodist Church choir will sing with Mrs. Ira Goss an organist. The Rev. Ronald Menmuir, pastor of the Christian Church will preach. The rector of St. Andrew's will read the scripture lessons both nights. Thursday evening the Girl's Choir of St. Andrew's Church will render the music with Miss Amy Bourquin as organist. The service of Holy Communion, commemorating our Lord's Last Supper, will be conducted by the rector of St. Andrew's, The Rev. Paul Moore Wheeler.

### H. Oster Opens New Furniture Store In Torrance

Universal Furniture Company, at 1214 El Prado opened for business here Saturday.

This new store is being operated by Harry Oster, who brings with him many years of experience in the furniture business. Prior to the war he was manager of one of the large furniture stores in San Diego.

Harry Oster was born and raised in Youngstown, Ohio, and moved to California in 1935. He enlisted in the Navy shortly after Pearl Harbor, Jan. 6, 1942, and received his discharge on Feb. 13 of this year. During his tour of duty in the Navy he spent 17 months on the island of Guam.

This new store in Torrance is the result of Oster's careful analysis of most of the cities in Southern California. He picked Torrance because he felt that the Torrance-Lomita area offered the greatest possibilities for growth in the entire state.

In commenting on his store and its policy, Oster said, "There is only one rule in business and that is the Golden Rule. Treat other people as you would like to be treated, give them the right merchandise at the right prices . . . and you will grow and prosper. This is my policy and the policy of my store. I know it will work. Frankly, I intend to have the largest furniture store in this entire harbor within five years."

### Streamlined So. Pacific Service Due

A multi-million dollar program for streamlined train service on the Golden State Route between Los Angeles and Chicago is announced by Southern Pacific and Rock Island Railroads.

Inauguration of two new streamlined services will feature the improvements. One will be operated tri-weekly on a 39 1/2 hour schedule with extra fare, and the other will be daily with approximately a 48 hour east-bound and 49 hour westbound schedule without extra fare.

A pair of super-streamliners, powered with diesel-electric locomotives, will be purchased for the 39 1/2 hour run. It is hoped they can be put in operation early in 1947.

The 48 hour eastbound, 49 hour westbound service will be given initially by the present Golden State Limited beginning June 2, 1946. The new schedule will cut 1 1/2 hours from its trip to Chicago and 13 hours, 28 minutes from its run to Los Angeles. It will carry the through Los Angeles-New York sleeping cars recently announced.

Announcement also was made that the California, popular economy train on the Golden State Route, will return to its fast prewar schedule June 2. A new train will be established then on the Los Angeles-Chicago run to handle mail, baggage and express.

At the same time, sharp reductions will be made in schedules of Southern Pacific's Sunset Route trains between Los Angeles and New Orleans. Running time of the Sunset Limited will be slightly less than 48 hours westbound and 49 hours, 45 minutes eastbound without extra fare, the fastest schedule in the train's long history.

## Dental Decay is the Most Prevalent Physical Defect of the American People! 90% Have It!

You brush your teeth first thing in the morning and just before bed-time . . . it's a daily ritual! You're confident you're taking good care of your teeth! BUT . . . between brushings you eat three meals. Food particles stick to your teeth and nest in tiny crevices . . . stay there for hours and perhaps start to ferment. Step number 1 toward decay! It can be prevented! Brush teeth *after* every meal. Between meals, too, if you indulge in sweets or food containing fermentable carbohydrates. Remove lodged food particles by drawing *dental floss* gently between teeth and finish by rinsing with a good mouth wash.

## Combination Offers!

SAVE 29c on KLENZO
