

Church Of Youth Organized By Central Group

A Church of Youth has been organized in Central Evangelical Church, according to the announcement of Rev. H. Wesley Roloff and Rev. Paul E. Miller, assistant pastor. The new program is to be conducted at the 9:30 hour in connection with the work of Christian Education in the local church.

In addition to a regularly organized worship service, in which youth will share, a sermon will be given by the pastor. Regular Christian Education classes will follow in the usual manner of the Sunday School.

Mrs. Margaret Hogue will assist in the organization of a Youth Choir.

A great deal of interest has been evidenced in connection with the launching of this new program. It is felt by the Sunday School Board of the church that this innovation will strengthen the worship quality and values of this department and augment present procedures in an already growing school.
