

# Out-Patient Treatment of Veterans Announced In New Physicians' Plan

Immediate out-patient treatment for all veterans who have filed claims for service-connected disabilities, regardless of whether they have been adjudicated, is now available through the 6200 members of the California Physicians Service, The Veterans Administration announced today.

A joint statement issued by Col. Thomas J. Cross, VA chief here, and Dr. Chester L. Cooley, CPS secretary, said care by CPS physicians in their offices will be authorized provided the veteran does not live within a reasonable distance or have easy access to a VA out-patient office or hospital.

Emergency hospitalization in a private hospital may be authorized for service-connected disabilities when the condition of the veteran precludes travel or when no bed is available at a VA hospital.

Colonel Cross termed the agreement one of the "biggest steps in speeding up medical treatment for veterans with service-connected disabilities."

The following categories of veterans are entitled to treatment by CPS physicians of their own selection:

1. Those who have filed a claim for service incurred disabilities and are receiving compensation or pension.
2. Veterans who have filed a claim which is pending adjudication. If the claim is eventually disallowed the veteran will not be thereafter entitled to out-patient treatment from CPS.
3. Veterans having acute inter-current illnesses which are judged to retard recovery or aggravate a service-connected disability.
4. Disabled veterans receiving vocational rehabilitation training will receive treatment for all service-connected disabilities.
5. Veterans who, because of connection, a lack of which may be judged to interrupt their training.
6. Female veterans are entitled to out-patient treatment in the same categories as male veterans.

to out-patient treatment in the same categories as male veterans.

6. Veterans whose claim requires a physical examination will be notified by the VA of the proper procedure in contacting a CPS doctor to perform the examination should a VA hospital, regional or sub-regional office not be reasonably available for such an examination.

CPS is a voluntary health insurance system founded eight years ago by the California Medical Association and its membership includes a great majority of the state's general practitioners and specialists.

Colonel Cross, who directs VA activities in California, Arizona, Nevada and Hawaii, said similar plans are expected to be put in operation in other states under his jurisdiction.

# World Affairs Institute To Be Held In June

With Washington officials, educators and business executives taking part, the 22nd session of the Institute of World Affairs will be held on the University of Southern California campus from June 25 through the 28th.

In changing the location from Riverside, this will be the first time since the Institute's founding in 1926 that sessions will be held on the S.C. campus.

"Preparedness for World Unity" will be the general theme of addresses and discussions during the four-day period, according to chancellor and director Rufus V. von KleinSmid.

Subjects of world organization, rehabilitation, military, economic and social problems announced by Prof. Marc N. Goodnow of S.C. who is executive director of the Institute. Sessions will be open to the public and to summer session students attending S.C.

Donald M. Nelson, former War Production Board director, and W. C. Millender, president of the Southern California Edison Company.

**'Adam and Fallen Man'**  
"As in Adam all die, even so in Christ shall all be made alive." This statement of Peter's epistle to the Romans will be the Golden Text of the Sunday Lesson-Sermon on "Adam and Fallen Man" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston.

The Lesson-Sermon includes this Bible citation from Genesis: "And God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth. So God created man in his own image. . . . And God saw every thing that he had made, and, behold, it was very good. . . . Thus the heavens and the earth were finished, and all the host of them."

"In Science and Health with Key to the Scriptures," Mary Baker Eddy says, "All that is made is the work of God, and all is good. We leave this brief, glorious history of spiritual creation as stated in the first chapter of Genesis in the hands of God, not of man, in the keeping of Spirit, not matter—Joy, fully acknowledging and accepting God's supremacy, omnipotence, and omnipresence."

# Qualified Vets May Apply For Bar Admission

World War II veterans eligible under recent legislation for admission to the Bar without taking an examination may apply now for certification to practice law, the Committee of Bar Examiners of the State of California announced recently.

To qualify for admission to practice law in California without an examination, a World War II veteran must show, among other things, that he was a bona fide resident of California at the time of entering military service, and that he had been graduated from an accredited law school after September 16, 1940.

The law also covers those California veterans who had completed two years of study at an accredited law school after September 16, 1940, whose further education was interrupted by military service, and who later were graduated from an accredited law school after September 16, 1940, whose further education was interrupted by military service, and who later were graduated from an accredited law school after September 16, 1940.

Application forms may be obtained at the offices of the State Bar, 440 Rowan building, Los Angeles, and 2100 Central Tower, San Francisco.
