

CEILINGS FIXED FOR USED CARS OF 1945 AND 1946

Dollar and cent ceiling prices for 1945 and 1946 used passenger cars were announced today by the OPA.

The dealer's maximum price for a warranted used car is 15 percent higher than the ceiling for an "as is" sale. This 15 percent mark-up for a warranty sale is lower than the 25 percent warranty mark-up allowed for 1942 and earlier model year cars because late model used cars require considerably less repairing and reconditioning than the earlier models.

BEER AT BARS COSTS MORE UNDER NEW OPA ORDER

Beer ceiling prices of bars, taverns, restaurants and hotels have been raised one cent for a glass or small bottle and two cents for a large bottle, the OPA announced today.

The increased, effective today, are one cent for draught beer in glasses of eight ounces or larger, one cent for seven- to 12-ounce bottles or cans, and two cents for 32-ounce bottles. These amounts may be added to the seller's existing April 4-10, 1943, freeze ceilings.

Southern California First Annual Air Show In Long Beach Sept. 15

America's civil and military air might will be combined for a titanic display of spectacular feats in the first annual Southern California Air Show to be held September 14-15 at the Long Beach Municipal Airport. The world's foremost stunt pilots as well as heroes of the Army, Navy and Marine flying ranks will participate in the gigantic two-day spectacle for which plans are being made to accommodate more than 100,000 spectators with an influx from other Southland cities expected.

In recognition of the prominence Long Beach has attained in aviation, the air extravaganza is being sponsored by leading city and civic leaders of the beach area, including Mayor Herbert B. Lewis, Councilman Martin L. Moxley, John P. Davis, Jack Dilday, Hale Young, W. A. Smith, Supervisor Raymond Darby, Postmaster Howard Goodwin, W. F. Frisk, Colonel K. C. McGregor, Admiral L. J. Witte, Earl Lloyd, John L. Winder and Harry Cunningham.

Participating in proceeds will be Long Beach city charities. A feature of the four-hour show each day will be a parade of civilian aircraft to be entered by manufacturers throughout the nation.

Stars of the National Air races to be held in Cleveland starting August 30, as well as aces of the huge show staged at the Los Angeles Municipal airport in June, will perform in the forthcoming event. The "who's who" of international stunt flyers already have started enrolling.

Earl Lloyd, director of aeronautics at the Long Beach Municipal airport declared: "This air show is timely and will stimulate interest in commercial aviation. My office will cooperate in every way possible to insure its success."

Aerial program experts who supervised the Los Angeles event, attended by 150,000, have been placed in charge of the forthcoming show. They are Bernard Lurie, managing director and Troy Colboch, director of operations.

Jet planes streaking through the skies in attempts at new speed marks, spectacular dive bombing, power dives, rolls, loops and spins, delayed parachute jumps, comedy flying, dog fights and airborne invasion are only a few of the thrillers to be held.

SANDLOT RECREATION... Pictured above are a group of youngsters living in the "shoestring strip," who take their recreation on a corner lot at 215th St. and Harvard Blvd., which has been provided them by community spirited residents of the strip. The lot recently was cleaned off and a baseball backstop constructed so the children in the district would have a safe place to play. Among the players and youthful ball fans shown above are: Gilbert Burris, Alvin Patter, Jim Strombaten, Johnny Deer, Don Daily, Jim Uley, Robert Buchanan, Bob Foster, Bob Hartel, Dioyone Foster, Johnny, Larry and Leigh D. Hunt, David Uley, Bob Poer, Bob Demonet, Woodrow Buchanan, Denis Spratt, Jim Spratt, Gary DeZorzi, James McGarry, Don Boyce, Phyllis Hunt, Virginia Buchanan, Charlotte Emery, Joan Shepherd, Carol Shepherd, Tommy Shepherd, Ann McGarry, Maureen McGarry, Annabelle Emery, Stella Mae Emery, Barbara Jean Emery, Claire Demonet, Myrna Gordon and Dorothy Jean Gordon. Neighbors Pitch In To Build Ball Park And Playground On Shoestring

By MILDRED HUNT

Children of the shoestring strip are enjoying their new playground recently made possible by a group of neighbors headed by G. E. Spratt, Bob Emery and Bob Shepherd.

For the past two years there have been numerous attempts to induce the Los Angeles Recreation board to install a playground for this vicinity, but reports were that due to lack of funds it was impossible for the city to layout and maintain a playground at this time.

As the need for a suitable playground became imperative, a group of neighbors orative held a meeting at the home of Mr. and Mrs. G. E. Spratt, 1772 W. 215th St. last June, and discussed ways and means of making it possible. Fifty residents of the area attended along with the district councilman and playground head. At this meeting it was agreed that salvaged materials would have to be used as the people did not want to go into the complicated business of raising funds. A lot on the corner of Harvard and 215th streets was picked as the ideal place, as it is centrally located. The Recreation director offered to have the lot owners looked up and contacted.

This large lot up to now had been a dumping ground and it was necessary to clean and grade. A home-made grader was made by Bob Emery, who tied the grader to the back of his car, and with the help of the neighborhood boys the lots were leveled and graded. In order to hold the grader down, several sacks of dirt were placed on the grader, on top of which several boys rode for added weight. The only flaw in this unique plan was the excessive amount of dust kicked up by the grader. This was remedied by a gas mask, which the boys wore to keep the dust out of their eyes and mouths. It took four evenings of constant driving to complete this job.

According to the count taken by the boys, the car made five hundred and seventy turns. With the grounds leveled, a ball diamond complete with back stop and bases was laid out, using salvaged materials.

Thus far, the only attraction at the playground is the ball diamond. Due to lack of materials, plans for a large sand box, teeters and swings have not materialized. In addition to this, the grounds need wetting down every week to keep down the dust. As yet the committee has not been successful in obtaining a possible way to complete these plans.

With the cooperation of the citizens, clubs or civic organizations who might wish to help, this playground could be completed from salvaged materials at any time.

Planting of Victory Gardens, Way To Combat High Prices, Says Agent

By County Farm Advisor's Office

OPA is continually issuing new bulletins quoting higher consumer prices for foods. Living costs are unquestionably going up.

You can do something about your own cost of living, particularly if you were a Victory Gardener during the war. Get out the shovel and the spading fork, and shine them up by using them!

Fall gardens will take irrigation to start—to get the seed sprouted and to bring the seedlings along. By October, if the rainy season begins when it is supposed to, the need for irrigation will be greatly reduced. This should lower the cost of producing many of the vegetables you must start now. It will take you a few days to get the ground in shape. It will have to be watered, fertilized, spaded or plowed, and worked down into a good seed bed.

Then you will want to establish furrows and raised beds for planting because, sure as shooting, there will be rains before crops planted now will be harvested. They should be up so that the crown will be in well-drained soil; otherwise root rot may be the cause of serious loss.

Furrows that are level from end to end can be established regardless of slope. Turn some water into a short furrow. Then with shovel or hoe continue the furrow allowing the water to follow. Adjust the direction so water will stand at the same depth from end to end.

You may not have pretty, straight garden rows. They may curve, they may not be parallel to the sidewalk or the fence.

Richard Chavez from Arizona is spending a few days with his father.

The Tampicos won from the Bobcats 8 to 6 last week. The Lucky Star club played the Tampicos on Monday afternoon at Pueblo Center and lost 9 to 6.

Mr. and Mrs. Steve Montez wish to express their sincere thanks to all the people of Pueblo and friends from Torrance for the kindness shown them during their sorrow in the loss of their son. They want to thank the Tampico team especially for their Horan contribution. Junior was a Tampico and the team will miss him.

quency on the shoestring strip, this playground is a protective measure to keep the record clean and at the same time keep the one thousand children listed for the strip, pleasantly occupied.

The Recreation Department is donating two basketball standards. These standards will have to be removed from another place and set up on the playground. Help on this will be gratefully accepted, as it will be necessary to use a small truck and several men to get these standards. Anyone wishing to help please call Torrance 544-J.

PUEBLO TOPICS

By AGNES FLADUNG

Mrs. Carmen George, formerly of San Francisco, now living in San Pedro, visited with Mrs. and Mrs. L. Duarte during the weekend.

The Banda and the Grajeda family left Sunday for Vacaville, where they will pick fruit. They plan to stay for two months.

Last Wednesday eighty-two boys and girls enjoyed Cabrillo Beach. The mothers with the crowd were Mrs. H. Solis, Mrs. T. Rios, Mrs. Y. Flores and Mrs. G. Romero.

Mr. and Mrs. R. Solis and family, with Miss Nellie Rios spent the weekend in Tijuana with friends.

CHEVRON NATIONAL CREDIT CARD

STANDARD STATIONS, INC. CHEVRON GAS STATIONS

EXPIRES DEC. 31, 1948

WESTERN MOTORISTS EVERYWHERE

ISSUED BY STANDARD OIL COMPANY OF CALIFORNIA

Your pass to Carefree Motoring

Why bother with cash?... when a Chevron National Credit Card is good at all Standard Stations, Inc. and Chevron Gas Stations in the West... and at leading gas stations in the rest of the United States and Canada. It's a real pass to carefree motoring.

Never worry with a Chevron National Credit Card. You'll roll along, knowing that your automotive needs will be cared for efficiently and conveniently—without having to carry cash for operating expenses.

And you're freed from the confusion of figuring out your motoring costs. Every month you get an accurate accounting—useful for budgeting, income tax deductions and segregation of expenses if you operate more than one vehicle. Apply for your Chevron National Credit Card... and get real motoring pleasure... today!

Apply at... Standard Stations, Chevron Gas Stations or any Standard of California office.
