On Sunday, September 8, a garden party will be held at the home of Mr. Pearl Stewart, 738 West 37th st., San Pedro, starting at 1 o'clock.

The objective of the party is to provide funds with which to erect two plaques, one at each of two trees that have been planted on both sides of the San Pedro general post office, to commemorate those who fell in battle while serving in the United States armed forces during World War I and World War II.

There will be entertainment for everyone. Anyone with a community interest will be welcome.

All veteran groups in San Pedro have assignments at this party. The Canadian Legion will be headed by the Southern Area commander, the celebrated movie star Alan Mowbray. This comrade has a phenomenal repertoire of anecdotes. As a movie star he has had a long, consistently successful career. He served in the British infantry through the first World War as a corporal, winning the British Military Medal for heroism.

Pipers from the Canadian Legion's Highland band will be present to add color to the affair.

How to build a better breakfast and 'sleep-in,' too!

The answer—a range with the CP seal

If you start breakfast early because the eggs have to "stand in line" at the frying pan—you need a CP gas range with built-in griddle! There's no waiting here. Those griddles can accommodate a lot of eggs—with plenty of room for the bacon and ham. What's more, everything "comes out even" because the gas flame spreads itself uniformly over the bottom of the griddle. (And that makes it marvelous for pancakes and other griddled foods, too!) Yet quicker cooking is only part of the CP story. These super-modern ranges bring you Certified Performance for everything you cook.

Like a clean kitchen? Of course. You'll be delighted with CP broilers. They're smokeless, an exclusive feature of modern gas ranges. And instantly adjustable top burners prevent boil-overs.

Like a cool kitchen? Naturally. That's one reason CP ovens are scientifically insulated to hold the heat, to save the heat.

Like an attractive kitchen? Who doesn't? The CP gas ranges are the last word in smart design—tasteful, gleaming and practical.
