

### Pay Rates Of National Guard Are Announced

Men enlisting in units of the 40th Infantry Division, California National Guard, may receive pay ranging from \$2.50 per drill, for privates, to \$5.50 for first and master sergeants, Col. Snyder L. Peebles, chief of staff, said yesterday.

"A primary advantage, for veterans, in effecting early enlistment in the 40th Division is that in many cases wartime ratings may be retained. Pay scales, for one drill period, are the same as one day's pay in the Army.

"Thus a private could draw \$120 for 48 drill periods per year and a master sergeant, \$264—a part-time activity," the Colonel said.

Men under 18 are required to secure their parents' consent for enlistment, and men without previous military service be- tween the ages of 17 and 34, if physically qualified, are eligible for enlistment. Veterans over the age of 35, in cases where their service meets longevity requirements, are eligible.

Enlistment in the National Guard does not exempt non-veterans from service in the Army under terms of the Selective Service Act, Colonel Peebles said.

### Veterans' Center Moving Offices

Veterans Service Center will transfer its offices next Tuesday from 2300 W. Carson st. to the Welfare center, 1339 Post ave., director J. G. Caldwell, announced yesterday.

Caldwell and his staff, composed of J. Harold Ryan, Mrs. Helen Dills and Mrs. Betty Henley plan to occupy three rooms in the center, including the of- fice vacated the first of the month by the Boy Scout field director.

Boy Scout offices for the Gardena, Torrance, San Pedro and Wilmington area, are now located in the Wilmington Welfare Center, 813 Neptune ave., Wilmington. Frank Delgado, assistant field director, is in charge.

### Bolt Urges Vote For Proposition 1 As Backstop Against Inflation

Passage of Proposition No. 1, at the Nov. 5 election not only will help provide veterans with much-needed farms and homes, but also will act as a backstop against inflation, Ed W. Bolt, chairman of the State Farm and Farms Committee, declared last week.

Quoting figures provided by Lawrence C. Stevens, State Director of Veterans' Affairs, Bolt pointed out that at least part of the current inflationary tendency has been taken out of the real estate market for veterans obtaining state farm and home loans through reduction of the interest rate on such loans to 3 percent.

Stevens explained that a California veteran purchasing a \$7,500 house under the state farm and home purchase act pays only \$39.52 a month on the 3 percent rate, while that amount per month would have bought only a \$6,300 house under the 5 percent rate prevailing before the war.

"We don't mean to say that a \$6,300 house can be obtained for as little as \$7,500 in the present market, but we believe that the saving on the monthly payment resulting from the reduction in interest rate will make a considerable difference to a veteran who must pay off his contract over 20 long years."

The farm and home loans are now being made under a \$30,000,000 self liquidating bond issue overwhelmingly approved by the voters in 1943. This fund, however, is almost exhausted, which is the reason for Proposition No. 1, a new \$100,000,000 bond issue to meet the needs of the thousands of additional California veterans.
