

Natural Marvels To Be Featured In Church Film

Vivid full-color scenes from astronomy and natural science are featured in "The God of Creation," sound motion picture to be shown at 7:45 p. m., Friday, January 17, in the First Baptist church, 1827 Andrew st., according to Rev. C. M. Northrup, pastor.

Produced in Moody Institute of Science, West Coast department of Moody Bible Institute, by Irwin A. Moon, Sc.D., "The God of Creation" is the second in a series of evangelistic films. The first film by Dr. Moon, "They Live Forever," had a large showing in all parts of the country.

Farm Advisory Service For State Will Be Sought

Governor Earl Warren has announced that he will ask the Legislature to approve the creation of a California forest advisory service similar to the farm advisory service now offered to California farmers. The governor said the proposed new forest advisory service would acquaint timberland owners with new practices and approved methods of forest management as part of a comprehensive program to conserve the state's timber resources.

In the opening section of "The God of Creation" the audience takes a trip to the stars by means of solar photographs taken through the giant 100-inch telescope of Mt. Wilson Observatory in Southern California, and views complex gyrations of our own solar system.

Lapse-time photography is utilized to demonstrate the beauty of natural science. The illusion of flower buds developing into full-blown blossoms in a few seconds is created through this time-compressing photo technique. The metamorphosis of a caterpillar through the various stages from worm to butterfly, and pollination of flowers are seen on the screen in full color.

New steel telephone wires need fewer poles

Speeding telephone expansion in dozens of rural areas throughout the West, this new steel wire—developed by Bell Telephone Laboratories—is so strong the number of poles needed can be cut almost in half. This makes for far faster construction.

With other type wires, poles were generally placed less than 250 feet apart. Now, with the new steel wire, the distance can be extended to 400 feet or more. This is only one of many improvements now on the way. Rural users can expect fewer parties on their lines; fewer rings for other parties and the replacement of crank type telephones with modern instruments.

It all adds up to better service for the people who supply food for you and the world. And it's still another example of how, in our huge expansion program, we are working to provide a better, more far-reaching telephone service than ever before. So that the telephone steadily becomes more valuable to every user.

An ever-improving telephone service at the least cost consistent with good wages and working conditions for our employees and a reasonable return to the thousands of people who have invested in the business.

THE REV. H. WESLEY ROLLOFF... Pastor of the Evangelical Church, which in special services Sunday celebrates its merger with the Church of the United Brethren in Christ.

Evangelical Church To Mark Recent Merger

The merger of the Evangelical church with the Church of the United Brethren in Christ will be hailed Sunday in Central church, The union of the two denominations was consummated on November 16th in Johnstown, Pennsylvania, resulting in the formation of a new church in an American Protestantism, the Evangelical United Brethren Church.

In recognition and celebration of this, a service of unusual interest is planned for Sunday afternoon at 3:00 o'clock in Central church, Marcelina avenue and Arlington, Pastor H. Wesley Roloff announced.

The program will consist of musical selections, exhibits of interest relative to the united churches, a phonograph transcription of the declaration of union, and two brief addresses. Rev. E. W. Matz, superintendent of the California Conference (Evangelical branch), will bring

Catholic Church Schedules Special Noon Hour Mass

To meet the ever-growing church membership and to accommodate members who by reason of their working hours in factories and hospitals find it difficult to attend early services Sundays, the Catholic Church of the Nativity has now arranged for mass each Sunday at 12 o'clock noon.

Additional services will be scheduled each Sunday at 6, 8 and 10 a.m. "No One Lives Forever," will be the topic for the sermon to be preached Sunday by the new assistant pastor, Rev. Edward Douery, who until recently served as chaplain in the United States Army.

A feature of the 12 noon masses will be solos by John V. Herter, noted baritone. His selection for Sunday will be "Panis Angelicum" (Franck).
