"Is the Universe, including Man, Evolved by Atomic Force?" This question will be the subject of the Sunday Lesson/Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. The Golden Text is from Hebrews: "Thou, Lord, in the beginning hast laid the foundation of the earth; and the heavens are the works of thine hands." A Scriptural citation from John reads, "Now a certain man was sick, named Lazarus, of Bethany. . . Therefore his sisters sent unto Jesus, saying, Lord, behold, he whom thou lovest is sick. . . When Jesus came, he found that he had lain in the grave four days already. . . They that took away the stone from the place where the dead was laid. And Jesus lifted up his eyes, and said, Father, I thank thee that thou hast heard me. . . And when he thus had spoken, he cried with a loud voice, Lazarus, come forth. And he that was dead came forth, bound hand and foot, with grave-clothes. . . Jesus said unto them, Loose him, and let him go."

On this subject Mary Baker Eddy says in "Science and Health with Keys to the Scriptures": "Mind's control over the universe, including man, is no longer an open question, but is demonstrable Science. Jesus illustrated the divine Principle and the power of immortal Mind by healing sickness and sin and destroying the foundations of death."
