Letters to Editor

Editor Torrance Herald:

Members of the Torrance Jun-
ior Woman's club wish to ex-
press their appreciation for the
splendid help given by the Tor-
rance Herald during the recent
queen contest and fiesta.

The success of the projects
could not have been made pos-
sible without the support given
by the paper. Sometimes it is
those nearest at hand who are
always willing to help that we
take for granted and forget to
thank. However, we do want you
to know that all you did for us
is deeply appreciated by each
member of the Juniors. We wish
to express special thanks to
Mrs. Mary Vonderahe and Mr. F.
S. Selover, who were most gra-
cious in giving their time and
help to us.

Sincerely,
Mrs. H. L. Wagner Jr.,
President Junior Woman's Club.

What could you buy with the profit ON A TON OF STEEL?

A NEW AUTOMOBILE?

A SHIRT?

A RADIO?

THE ANSWER IS "a shirt, if it cost less than \$4.00."

From 1939 through 1946, including the war years, the average profit of the steel industry was 4.4 cents on the sales dollar.

Average profit per ton of steel shipped during those war years was less than \$4.00 per ton. Since 1939, average wholesale prices of commodities have increased 94 per cent. However, the average price of steel today (less than 3 cents a pound) is only 33 per cent above 1939.
