

'Y' Board, In Tribute To Meier, Says Tartar Town To Be Re-established

With the departure of M. Theodore Meier, former executive secretary of the Torrance Y.M.C.A., the local "Y" board has decided to disband all Tartar Town activities for the summer months and until further leadership can be obtained, according to a statement from the "Y" office here issued yesterday. The organization hopes to pick up the work under the sponsorship of the new secretary, it was said, as soon as the school starts in the fall. The new secretary has not been named.

The executive committee of the "Y" paid tribute to Meier, who left July 15 after two and one-half years of leadership of the organization here.

It reads, in part:

"Mr. Meier has made many friends in the community, and many friends will miss his genial personality as he leaves the active work of the local association.

"Mr. Meier is leaving in order to enter commercial work. He has accepted a position with the Insurance Investment Trusts, a California organization whose headquarters are located in Oakland but whose activities extend through Southern California. Mr. Meier carries with him the good wishes of the men with whom he has been associated, and we all wish him the very best of success.

"Many activities that have been headed up under the leadership of Mr. Meier in the Y.M.C.A. will continue under lay leadership until such time as the

Bicycle Licenses Must Be Obtained Here Next Week

All bicycle owners in Torrance are cautioned that 1947-48 license plates must be on all bicycles within the next few weeks, according to the Torrance Police department.

The 1946-47 plates now in use will be invalid in the very near future, it was said.

New plates may be obtained from the police station. New plates costing 50 cents, renewals, 25 cents.

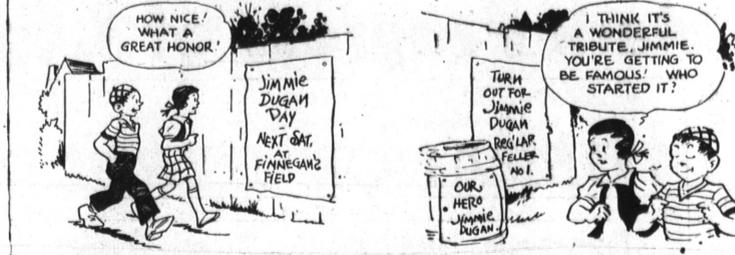

LEGION POSTS

The American Legion now has a record total of 16,426 posts in its 58 departments throughout the world.

Boys for the summer camp and assist in the formulation of the summer camp program. Registrations for this activity are coming in very rapidly, and it is the hope of the association that 150 boys will go again this year. The executive board requests that all boys or parents who are interested in seeing their boys attend summer camp, contact the Y.M.C.A. office at 1341 Post avenue for details.

"The Y.M.C.A. is planning to conduct the summer soft ball tournament with the local churches participating. All persons interested in this sport, please contact the secretary of the board, W. E. Bowen, 1327 Post avenue, for information."

REG'LAR FELLERS Self-made Man

Wear Something Western If You Go To Redondo

It will be Western Days in Redondo Beach Saturday and Sunday with the Saddle Pals giant Western Rodeo slated for the Pacific Electric circuit lot between N. Pacific and Hermosa avenue.

The downtown area of the beach city is being patrolled by members of the Chamber of Commerce and Junior Chamber, and any person found not wearing something western in their clothing are confined in a regular "bull pen" south of the Chamber of Commerce building on El Paseo.

The "Western Days" setup has been approved by city officials and is being used to stimulate interest in the rodeo.

"Public Notices"

PROPOSED BUDGET OF TORRANCE CITY SCHOOL DISTRICT OF LOS ANGELES COUNTY FOR THE YEAR ENDING JUNE 30, 1948.

The following preliminary school budget was adopted by the governing board of the Torrance City school district at a meeting held July 17, 1947, pending publication, public hearing and final adoption as required by the Education Code.

The public hearing on this budget will be held at Torrance Elementary School on August 1, 1947, at 8:00 o'clock P. M.

The public is cordially invited to attend this hearing.

C. C. TRILLINGHAM, County Superintendent of Schools

First Anniversary Of Service To Harbor Area Marked By Hospital

Expansion of facilities and services to the large area it covers has marked the first year of operation by the Harbor General Hospital according to J. E. Smits, director.

Acquired through the War Assets Administration last June, the 88-acre tract and its 60 buildings is now a fully equipped unit of the Los Angeles County Hospital system. A staff of 500 enables the hospital to handle the 550 beds now in use and to assist the hard pressed emergency agencies in the area.

The hospital exists primarily for the purpose of providing care and treatment to those persons who are financially unable to bear such costs. No cases are refused, however, if conditions are such that adequate and prompt care cannot be given elsewhere.

Now under way is the conversion to wards of the former army barracks on the tract for the care of tubercular bed patients. The new wards, designed to hold 114 beds, will cost \$50,000 and will enable the hospital to render complete tubercular aid to emergency and acute cases in the area.

Serving a large part of Los Angeles County, the boundaries of the Harbor General hospital's jurisdiction stretch from Rosecrans blvd. south and west of Figueroa st. to Victoria ave., eastward along an imaginary projection to the county line, thus enclosing territory surrounding Long Beach and the whole harbor area.

At present an average of 15 patients are admitted each day and an additional 20 are received for treatment. Emergency cases average 35 each week. In addition an out patient department for those who need medical attention but do not require hospitalization is treating over one thousand persons each month.

Recently the State Board of Medical Examiners for training interns recognized the Harbor General hospital as a training agency and appointment of interns is expected to start shortly.

A well equipped physical therapy department is the latest addition to the plant, which is now capable of giving complete hospital service except to persons with communicable diseases.

State Residents Assured Classes At University

Under emergency conditions the University of California will be prepared to provide general classroom space on its major undergraduate campuses for all qualified residents of the state who desire to enroll in the fall of 1947, whether as freshmen or as advanced students transferring from junior colleges.

This statement was made today by President Robert Gordon Sprout, following receipt of word from the Chief Superintendent of Grounds and Buildings that 357,000 square feet of temporary classroom, laboratory and office space will be ready for occupancy on the eight campuses by September, 1947.

President Sprout warned, however, that the University will be unable to avoid inconveniences for either faculty or students until its permanent building program has been well started. Funds for the beginning of this post-war building development already have been provided by the 1946 and 1947 State Legislatures.

"Faculty members and students will have to put up with many handicaps," he said, "but those handicaps will be no greater in number or more serious in character than would be the case at any other reputable college or university."

The only fields in which students cannot be accommodated are those involving highly technical or professional courses and laboratory facilities which could not be expanded under emergency conditions without loss of quality of instruction.
