

DREDGE FOR LOWER COLORADO ORDERED

Looking toward permanent remedial measures to correct the difficulties caused by silt deposits along the Colorado below Hoover Dam, the Bureau of Reclamation has awarded a contract for a specially designed dredge which will be put to work cutting new channel sections particularly in the vicinity of Needles and Topock, Calif.

King Presents Revolver To Truman

Rep. Cecil K. King, who represents Torrance and the Harbor district in Washington, has presented President Truman with the first .38 caliber service revolver turned out by the Smith & Wesson Firearms Co. for World War II.

Carrying the serial No. VI the revolver was the first of 1,112,000 sidearms manufactured by the firm for the armed forces during the war. King's collection of firearms is considered to be one of the finest in the country. The most enthusiastic gun collector on Capitol Hill, King said the President expressed "great delight" when the presentation was made.

Mrs. Don Wolf Announces Staff Of Bible School

Mrs. Don Wolf has announced the names of seventeen staff members who will assist her as superintendent in carrying out the program of a daily vacation Bible school now being sponsored by four Torrance churches.

This is the second week of the school, and enrollment has reached 130. The daily program, Tuesday thru Friday, includes a general fun period at 9 a. m., a concluding worship period. Classes meet at the Christian church and in the parish house of the Episcopal church.

Supervisors of the departments are: beginners, Mrs. Gladys Pietzschke; primary, Mrs. V. T. Vanderpool; junior, Mrs. G. Sommers, and intermediate, Mrs. Harry Gray.

Teaching the various classes are: Misses Harold Hutchinson, C. W. Edwards, David Howard, John Cox, M. J. Edwards, Dorothy Hodges, Florence Vlielange, G. Pitzer, Tom Henger, Fred Bacon and Joyce Franzen. Donna Pat Wolf and Jessie Quigley are the musicians.

Manufacturing Firms Experience Large Increase

Manufacturing firms in Los An- geles County have increased in number from 5,600 in 1939 to more than 7,500 today—and an estimated 80 percent of them are engaged in metal work—Chair- man Carl T. Colt of Los Angeles Chamber of Commerce do- mestic trade committee an- nounced.

Colt explained the facts are reported in a new mining in- dustry booklet, compiled by Mining Commissioner Ned Arthur, now being distributed by the Cham- ber.

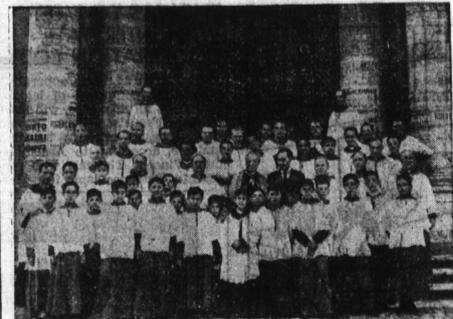

The booklet briefly discusses Los Angeles County's place among the five largest manufac- turing centers in the United States. Metal workers here deal with steel, aluminum, copper, brass, antimony and smelting of secondary metals.

Los Angeles County has 36 major steel-consuming industries ranging from agricultural imple- ment production to wire pro- ducts manufacturing.

Colt said the booklet illus- trates the need for metal pro- duction here by pointing out that the west has 40 to 12 per- cent of the nation's market for industrial, mining and con- struction equipment while production of those items here amounted to only four percent of the national total before the war.

THAT BLIND MOMENT

That blind moment that oc- cures after a car with dazzling headlights has passed is easily explainable. It is owing to the fact that the pupil of the eye, dilated by the darkness of night, has contracted enormously as a result of exposure to the bright rays of the other car's lights. The contraction, which occurs at 60 times the speed of dilation, is such as to result in tem- porary blindness.

The famed Vatican Choir, which will appear in Hollywood Bowl on September 21-22, is shown prior to leaving Rome on the good-will tour that will take the singers to the major cities of the world. The choir under the direction of Msgr. Licinio Refice, is making the tour at the behest of Pope Pius XII in the interests of international good will and amity.

Famed Vatican Choir Will Appear In Hollywood Bowl Sept. 21, 22

One of the outstanding musi- cal events in Southern Califor- nia's history will take place on the evenings of Sept. 21 and 22 in Hollywood Bowl, when the famed Vatican Choir, direct from Rome, appears in concert.

This marks the first time a choir has ever left the Vatican City since 314 A. D., when Rome's church singers were first organized into choral groups un- der Pope Sylvester I.

Under the direction of Rt. Rev. Msgr. Licinio Refice, one of the world's foremost con- ductor-composers of liturgical music, the choir—composed of 60 selected voices—will offer a pro- gram of the sacred music of the Catholic as well as the Jewish and English-speaking churches.

Of the 60 voices in the choir, 24 are boys ranging in ages from 8 to 15, while the rest are adults. They were brought to- gether from all over Italy, hav- ing been selected for the excel- lent quality of their voices.

The choir is made up of voices that sing regularly in the four major basilicas in the Va- tican City: St. Peter, St. John Lateran, Santa Maria Maggiore and the Sistine Chapel.

The members of the choir are a colorful group, appearing on stage in the surplices and cas-socks identical to those they have worn in Vatican choir lofts for hundreds of years. Their acapella singing, which offers the "voce bianche," or treble voice, is as old as the Roman Catholic church itself. It is re- miniscent of the muffled chants

Harbor Area Home Building Shows Increase

Harbor district home building is increasing by leaps and bounds according to figures on file at the San Pedro building office.

Home building permits issued in June were more than twice that of any previous month, of- ficials said.

A total of 48 permits totaling \$287,410 were issued.

Included were five permits for Harbor City aggregating \$21,460 and 12 for the Shoestring strip totaling \$49,110.

The Shoestring strip, attract- ing moderate priced home con- struction, is leading the harbor area in home building with 90 permits issued since the first of the year. Total cost: \$464,930.

Harbor City has accumulated 25 home building permits in 1947 totaling \$151,651.

Harbor City homes have aver- aged \$6,066 each; Shoestring strip homes, \$5,168.

Among the music of all faiths which the choir will offer, will be Msgr. Refice's recently-com- posed "Ecology to the Dead of World War II." This composition has received high critical ac- claim in its several renditions in the United States.

The Vatican Choir embarked upon this tour at the behest of Pope Pius XII, through the Pa- pal Secretary of State. Its prin- cipal objective is to foster good- will and harmony between peo- ples and nations. In making it possible for the choir to leave Vatican City on their mission of amity and good-will, the Pope expressed the hope that through the choir the differences that set men apart throughout the world will be subdued, and that the powerful forces which blind men of all creeds and nations together will be strengthened. For this purpose, there is no greater instrument than sacred music, he said.

GREENLAND - Some 705,000 square miles of Greenland's total area of 839,782 square miles are covered by glaciers, according to the Ency- clopaedia Britannica 1947 Book of the Year.
