WALTERIA STUDENTS ORGANIZE

Pupils of the intermediate grades at Walteria Elementary School have formed a Council for Student Government. Headed by sixth grade students the plan calls for safety committee members from the third, fourth, fifth and sixth grades. Council members are:—President, Kay Croshaw; vice president, Victor Polston; secretary, Clara Crowella.

Student Court officers are: Chief Justice, Barbara O'Hanlon, first judge, Jimmie Whitmer; second judge, JoAnne O'Hanlon.

GROWTH CHALLENGE TO EDUCATION - TRILLINGHAM

"Education and business are partners, and the best barometer of business in a community is the educational and scholarly standard of the community," Dr. C. C. Trillingham, county superintendent of schools, told a group of some 100 persons assembled in the Torrance Woman's clubhouse Tuesday night. The affair was sponsored by the Torrance Kiwanis club.

Dr. Trillingham quoted the United States Chamber of Commerce in stating that the amount of business in any community is in proportion to the education of the people of any community.

He praised California's educational standard, declaring that in four out of five subjects given by the military forces in examinations, California was the first, in four and second in the fifth.

He cited the new philosophy in the schools of keeping students and "giving them all we have" against the old one of "get it or get out."

He said that where in 1910 only 15 percent of the children of high school age were in schools, getting one kind of program for one kind of pupil (boys in professional standards), now the schools have 100 percent of the children of school ages "from moron to brilliant," and "we take a good beating because we don't turn out all of them ready to go to college."

Dr. Trillingham declared that education in Los Angeles County is a race between an increase of population and a high birth rate against the need for teachers and buildings, and that "it is not my problem, but yours as taxpayers and patrons."

Edwin B. Brown, president of the Kiwanis club, presided over the meeting, and among educators present were J. R. Black, president of Redondo Union High School Board of Trustees; Robert Russell, president of El Camino College District Board of Trustees; Dr. Howard A. Wood, president of Torrance Board of Education; Mrs. Grace W. Wright, vice president of the Torrance board; George P. Thatcher and Carl D. Steele, also, members of the Torrance

Rent Includes Decorating, Says Area Director

Some landlords in this area are requiring their tenants to decorate their accommodations (either inside or out) as a condition of rental, Area Rent Director C. H. Blaylock has stated, pointing out that such a kind of that nature are a violation of the federal rent regulations.

Requiring current or prospective tenants to perform such work at their own time or expense, in addition to payment of the maximum amount of rent allowed by regulations, represents an overbearing charge by the landlord, he said, and tenants have recourse to law by suing the landlord for three times the amount of any overcharge represented by the overbearing work and cash payments.

"Rent," the rent official said, "represents the consideration, including any bonus, benefit, or gratuity, demanded or received for or in connection with the use or occupancy of housing accommodations or the transfer of a lease of such accommodations, and under that definition, it is quite clear that the benefit that the landlord derives from work of any sort done as a requirement of renting, constitutes an overcharge of the legal maximum rent."

DEL NORTE FISHING

Salmon anglers had first-rate luck this week along the Smith and Klamath rivers in Del Norte county. Steelhead anglers have been making some good catches along the Klamath.

DUCK HUNTING GOOD

Duck hunting has been very good since the opening of the season in Santa Clara County. Hunters had little trouble killing the limit of 4 birds on the opening.

Our Penalty of Leadership

The fact that Eastside Beer is first choice in Southern California homes has forced us to continue to limit our dealers to quota deliveries. The dealers don't like it—and you don't like it. Naturally you want what you want when you want it. We get the blame. That's our penalty of leadership. Today the demand for Eastside is just about twice what we can supply. We are installing acres of additional equipment, just as fast as it is humanly possible to do so. In the meantime, we appreciate your patience. You can be sure that whenever you do get Eastside, you get one of the world's finest beers. Quality you can depend on.
