Following the decision of the Seaside Ranchos Home Owners Association to incorporate, as voted at last Thursday evening's special meeting at the Riviera Beach Club, the Seaside tract has been divided this past week into ten block areas formed of 14 contiguous homes. Residents in each of these areas will meet sometime this week to select a representative or block captain, who in turn will meet with the legal committee to advise them what form of corporate organization is desired by each of the homeowners. Results of this meeting will determine what type of governing body will be suggested in the plan of incorporation presented by the legal committee next Thursday evening at the regular association meeting.

After the special business session of the Dec. 2 meeting presided over by President Byron Johnson with advice on incorporation given by James Hall, Councilman George Powell spoke to the group on the new city building ordinance.
