

Riviera-Redondo Bus Line Permit Bought by Firm

Arnold Milton, president of the El Camino Transit Inc., yesterday said that he will make his formal application today to the State Public Utilities Commission for a permit to extend his bus line operations into Hollywood Riviera. Milton said that he expected that it would be two or three weeks before the commission would take any definite decision on his application. The bus service which Milton proposes to give Hollywood Riviera to link that area with Redondo Beach would include 40-minute service the first two hours of the morning operation and then hourly service until the resumption of 40 minute service from 3 p.m. through 8:30 p.m. Milton was scheduled to meet with the Redondo Beach city council last night to apply for a permanent permit to operate his bus lines in that city. He is seeking to operate under both the city and state permits. "I wish to give the City Council (Redondo) my full cooperation," said Milton. Milton took over the old Redondo Transit Co. early in February and the El Camino lines since have been operating on a temporary permit from that city. Lee Barton, operational supervisor of the El Camino Transit lines, also will supervise the Hollywood Riviera bus service if the commission grants the application, said Milton.

Naval Term
The wooden plug the U.S. Navy places in gun muzzles for protection against dampness is called a tampon or tompon.

CROWN SEEKER . . . Billie Kincy, of 1419 West 218 street, has been chosen as the Harbor Area American Veterans' candidate for the title of "Miss American Veteran." The lovely nineteen-year old Torrance girl will compete for the title at the Amvets' State Convention May 7 in Palm Springs.

Counselor Gives Veteran Medical Care Advice

Free medical and hospital care for veterans is not just a matter of turning up at the doctor's office or a Veterans Administration hospital, veterans in the Torrance Area are reminded by Helen K. Dill, Counselor of the Veterans Service Center.

"If your injury or illness was caused or aggravated by your wartime military service," Miss Dill said, "you will have little difficulty in obtaining prompt and excellent care, but it is important to take care of the 'paper work' first."

She explained that service-connection must first be established to the satisfaction of the V.A. Then, if medical attention is needed, it is easy to arrange. In many cases the treatment can be performed by the veteran's own doctor, assuming the latter is a member of the California Physicians Service; but there must still be prior VA approval.

Even if the ailment has no connection with the veteran's military service, it is still possible to arrange for Government hospitalization if the veteran makes a statement that he cannot pay for private care, Miss Dill said. There is no provision, however, for out-patient care for non-service-connected injuries or illness.

The necessary forms, information and advice on medical-hospital care are available to all veterans at 1339 Post avenue, along with information on all other aspects of State and Federal benefits for veterans.

"EASY DOES IT"

"Easy does it" is good advice in a lot of things, but particularly good advice in the operation of an automobile. The skillful driver does all things easily. When he starts up from a stop, he accelerates smoothly. When he decelerates, he comes to a gradual stop, usually doing most of it by merely taking his foot from the accelerator. When he makes a turn he gives himself plenty of time.

TIP ON FUEL

Don't race for the gasoline filling station when the fuel gauge registers empty. Speeding up is the quickest way to get the least out of the fuel remaining in the tank. The engine travels farthest on the least gasoline at a speed of around 25 miles per hour.

"MIRACLE OF THE TREES"

"Miracle of the Trees," an outdoor dramatization of world history designed to portray man's eternal struggle for freedom and peace, will be presented in the Big Trees Bowl near Felton in the Santa Cruz Mountains at 3 in the afternoon on May 7-8, 14-15, 21-22.

DEATH AND DEFEAT

Death or defeat has greeted everyone who has tried to climb the highest mountain in the World, Mount Everest in the Himalaya Mountains between Tibet and India.
