MISPRONOUNCED
Taos, the summer resort village located in northern New Mexico is reported to have one of the most mispronounced names on the American map. The name of this village should be pronounced to rhyme with "house."

V.F.W. Post Sponsors July Stage Show

Final casting for the Veterans of Foreign Wars sponsored stage play "Oil is Where" is now under way, announced Jess Dean, commander of Post 3261.

Funds from the show, which will be staged July 13 and 14 in the Torrance High School auditorium, will be used to buy uniforms and equipment and promote the summer camp activities of Walteria Boy Scout Troop, No. 240 said Dean.

Mrs. Eileen McKay, who is directing the show, said that the third act will consist of local singers, dancers, imitators and other persons with special talent. Those wishing to participate may contact her at the Plaza Hotel.

"Small Fry Popularity Contest of Yesteryear" will be presented with the show.

LOW CONSUMPTION
Among things that are too good to be true is the fact that the engine never seems to consume any oil. If the level in the crankcase seems to remain constant after hundreds of miles of driving, it is the motorist's cue to grow suspicious that gasoline, or water caused by condensation, is responsible for keeping the supply up. Either of these fluids seeping into the crankcase will make oil consumption seem abnormally low.
