RULES BAR YOUTH'S TREK TO RECLAIM PAL

Despite rejection of his offer to ride 6000 miles in a freight car to bring home "Tippie," the uncatchable pup, 15-year-old Donald Lancaster of the Torrance Municipal Airport's veterans housing project still has hopes his best pal will make the trip on foot.

The trouble started when the vacationing Lancaster family hunted "Tippie," their beloved brown and white shepherd, into a crate at Rocky Mount, N. C. and shipped him home by railway express.

Protesting heavily, "Tippie" quickly chewed his way out of the crate on the way to the station—a feat which the L. L. Lancasters determined after much inquiry—and although seen about the community dered capture by several persons including the local poundman.

As the dog is insured, the Lancasters said they would happily call the account square if the Railway Express could let Donald travel to Rocky Mount and back among the crates and boxes to reclaim "Tippie."

Although the offer was turned down on the grounds that it would be against the rules, Donald and the rest of the family who can't afford the expense of a trip to Rocky Mount and back, still believe that "Tippie" will find his own way home.

County Part Of Big Home Tract Okehed

Subdivision of 35 lots for home construction on Western avenue north of Lomita boulevard in county unincorporated area was approved yesterday by the regional planning commission.

The 5-acre parcel is part of a tract which includes 283 additional lots within Los Angeles which have been approved by the city planners for subdivision and zone change and awaits similar action by the city council.

Regional Planner John Maloney said that the county commission okehed the construction of either single family residences or multiple dwellings on the lots, which are in an M3 zone status at present.

Developers of the area are Dumas and Alexander of Los Angeles.

DODGE ICE CREAM TRUCK OPERATES FOR 5 1/2 MILE

"The 2 1/2-ton Dodge 'Job-Rated' ice cream truck pictured above has traveled over 30,000 city-traffic miles at a cost of approximately 3 1/2¢ per mile," says W. TENNEY CANNON, JR. (inset), manager of Valleymaid Creameries. "This amazingly low cost of operation includes repairs, fuel, tires and insurance. Which explains why we switched to 'Job-Rated' Dodges exclusively in 1946. Our Dodge fleet now includes 19 refrigerated ice cream and milk trucks. When we add new trucks, they'll sure be Dodges."

EDUCATION

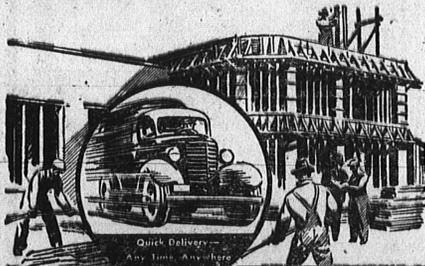

We can't take a slipshod and easy-going attitude toward education in this country. And by "We" I don't mean "somebody else," but I mean me and I mean you. It is the future of our country—yours and mine—which is at stake.—Henry Ford.
