

NAZARENE CHURCH DEDICATION . . . The new edifice of the Church of the Nazarene in Torrance will be dedicated in services to be conducted at 11 a.m. Sunday in the new building at 1501 Carson st. The old structure is shown on the right. (Torrance Herald photo)

Art Craft Club Elects Officers; Plans Dinner Meet

The patio at the home of Mrs. Addie Parks was a setting for the regular meeting of Torrance Art Craft Club Friday evening.

Officers elected to serve during the ensuing year were Addie Parks, president; Cora B. Bohrer, vice president and Betty Thomas, secretary-treasurer.

The ladies are devoting their attention to copper and leather work and are specializing in textile stenciling, they report.

The group, comprising about 25 members, will gather at Welch's Restaurant in Long Beach for a dinner party on Friday Feb. 18.

DEDICATION OF NAZARENE CHURCH SET FOR SUNDAY

Dedication services for the Nazarene church, 1501 Carson street, will be conducted at 11 a.m. Sunday, according to the Rev. W. A. Penner, pastor of the church for the past 10 years.

The new Nazarene edifice was completed recently at a cost of only about \$5,000 due to the voluntary work of friends of the church, according to the Rev. Mr. Penner. It is of frame and stucco construction, approximately 24 by 50 feet in size and with an auditorium capacity of about 125 persons.

The old church edifice for the time being will be used for

Unique Class Graduating At T.H.S. Tonight

(Continued from 1-A)

ing classes will continue possibly for two or three years more. Present lower class students, from kindergarten to ninth grade, now are on the annual promotion basis.

This is the reason, Hull pointed out, that kindergarten and first grade registrations for the new semester can be accepted this year only where they are transfers from other districts. No new registrations of Torrance children will be accepted in kindergarten and first grade, he said.

Commencement exercises tonight in the Torrance High School auditorium will start at 8 o'clock.

Officiating as the unusual class graduates will be the members of the Board of Trustees of Redondo Union High School District, J. Robert Black, president; N. R. Kuhn, Walter G. Linch, Robert Russell and Wesley Toy.

Administration representatives present will include W. K. Cobb, superintendent; L. W. Waller, principal; Arthur M. Main, vice principal; Miss Harriet H. Hardy, dean of girls and Miss Edna F. Alterton, registrar.

Herbert Irwin is class advisor and officers are Eugene Stirling, president; John Turner, vice president and Oliver Stepp, secretary.

Principal Waller will accept the class and Superintendent Cobb will accept the candidates. President Black will present the diplomas.

The program includes numbers by the Torrance High School orchestra, directed by Abe Milstein; invocation by the Rev. H. Wesley Roloff; welcome and presentation of the class gift by Eugene Stirling; a mixed chorus of students, directed by George Zavislan; a talk by John Turner, "Civilization's Challenge to Youth"; a piano solo by William Morgan and an address by Dr. William C. Jones, president of Whittier College. Benediction will be delivered by the Rev. Fr. Patrick J. McGuinness.

CHRISTIAN CHURCH GROUP PLANS TRIP

The Ladies' Council of First Christian church will visit Avalon Community Center, 4272 Avalon boulevard, Tuesday Feb. 3.

Following a tour of the building and grounds the group will partake of a nosebag lunch. They plan to return to Torrance not later than 3 p.m.

New life for your car
—where *life* counts most

ENGINE life can be lengthened, expensive repairs and replacements deferred because bearings, cylinder walls, and piston rings take a longer lease on life when protected by skilled MobilLubrication Service.

GEARS function more efficiently to cut down drag on the wheels, stand up longer, hence reduce operating expense, when gear oils are changed on schedules recommended by the ANSWER MAN—your Mobilgas Dealer.

BEARINGS—wheel, steering, and other bearings that are the running gear of your car enjoy longer life; you have less replacement cost because dirt, grit, and other foreign materials are eliminated with MobilLubrication Service.

THOUSANDS OF MILES OF TROUBLE-FREE SERVICE can be added to the life of your car when you depend on MobilLubrication by your ANSWER MAN. This unique system is built around a patented chart that tells accurately every lubrication point on your car, the lubrication interval, and grade and type of lubricant. At your Mobilgas station you get skillful application of world famous Mobiloil and Mobilgreases, the very same lubricants used by John Cobb in his record-shattering 403 miles per hour speed run.
