

New Order Is Placed For Pipe For Water System

Faced with an emergency created by the failure of Taylor & Taylor, water engineers, to hold on to some 30,000 feet of pipe which the firm had located for use in North Torrance, the City Council, acting as Board of Directors for Municipal Water District No. 2, authorized William Stanger, superintendent, to purchase 11,366 feet of pipe which he located in a Los Angeles yard.

The pipe, Stanger said, will be sufficient to grant relief to the residents in the area along Prairie avenue, 182nd street and 174th street.

Stanger said that Taylor & Taylor had informed him that the 30,000 feet reported to have been under option last week was "gone," although the Council acted to exercise the option by calling for plans and specifications, and bids, for the work.

The water superintendent told the Council that the same plans and specifications are sufficient under the deal to purchase the 11,366 feet of pipe.

The stock purchased consists of 1494 feet of 4-inch; 5400 feet of 6-inch; 5400 feet of 8-inch and 72 feet of 10-inch cast iron pipe. The price approved was \$24,656.04.

Sargis Wins Promotion

The appointment of S. G. Sargis as supervisor of raw materials, Geneva Steel Co., U. S. Steel subsidiary, has been announced by R. G. Glass, vice president and manager of operations. Sargis formerly was assistant superintendent of mines for the company at Columbia, Utah.

In 1941, Sargis was transferred to Columbia Steel's Torrance plant as Plant Industrial Engineer.

In 1942 Sargis was appointed supervisor of industrial relations at Torrance. Later, he was made assistant manager of industrial relations for Columbia Steel in San Francisco.

ASSIST CRIPPLED CHILDREN

Danbury, Conn., Camp Fire Girls have "adopted" two five-year-old girls at the Newington Home for Crippled Children, to whom they send gifts and toys.
