CAMP FIRE GIRLS TO NOTE BIRTHDAY DURING THIS WEEK

Camp Fire Girls will celebrate its birthday anniversary during the week March 14-20. It has a long and honored record as an educational and recreational youth agency, and we are proud today to salute the members of the local Camp Fire council and the 360,000 members throughout the country.

The theme of Camp Fire's 1948 birthday project, "Hello, World: Let's Get Together," points the way to all of us for the ideal, friendly way of life. We think it is a fine organization and we are proud and happy to say, "Happy birthday, Camp Fire, long may you prosper!"

Variety Show Tomorrow At Torrance High

A Variety Show will be presented by the Girls and Boys League of Torrance High School Friday, March 12, in the high school auditorium, at 8:00 p.m. The public is invited, and the prices of the tickets are 35 cents for students and 50 cents for adults.

The proceeds will go into the Girls and Boys League funds. The theme for the show is "Carnival" which will include balloons, clowns and even a side show.

Torrance High will present its stars of tomorrow and the Tony Martins, Betty Huttons and Sophie Tuckers of the future. The students are uncovering hidden talent in their search for acts for the show.

Some of the acts will include a Hawaiian number, a comedy ballet, an authentic Indian song and dance to bring rain, skits of all kinds and plenty of music and singing. The carnival barker, played by Bill Carstens, has surprises up his sleeve which will add to the fun. Dick Oefinger, who sings "Prisoner of Love," will actually have you believing him. Sue Russell will furnish the sultry blues, and the latest styles will be shown by Barbara Jackson and her beautiful models.

The production is being whipped into shape by John Elmore, dramatics coach, and the last details are being ironed out so that the show will be one of the finest when it is presented to the public this Friday. The students hope to make a Variety Show a yearly tradition at Torrance High.

Rig Viewed By Martin-Decker Staff Workers

Employees of the Martin-Decker Corporation of Long Beach were guests of the National Supply Co., March 10 at a preview showing of the recently completed oil drilling rig, the Type 160 Rotary Drilling Rig, company officials stated.

The visitors were particularly interested in the part played by a combination wire line anchor and weight indicator, which is incorporated into the design of the "Blue Giant." The Martin-Decker employees designed and built the weight indicator.

The new rig is capable of carrying the search of oil to a depth of 20,000 feet, National officials say.
