

ANGLING ANGLES ANNOUNCED

The Division of Fish and Game has issued a reminder to California's 800,000 sport fishermen to mark May 1 on the calendar as an eventful day.

On that Saturday, most of the 1948 angling regulations set by the Fish and Game Commission will take effect, with the following important changes:

Summer trout season opens for six months in all parts of the state; the first year-round open season on black bass, crappie, sunfish and perch begins in inland lakes and streams; bag limits of salmon will be reduced to three in some streams and bays; bag limits of striped bass will be two to five fish; no more than ten Pismo clams may be taken per day; bag limit on mullet taken in the Colorado River area will be reduced to six fish; and scores of additional streams and lakes will be closed for conservation purposes by executive order.

Aside from certain exceptions to the new regulations, the Division advises a check to determine whether specific areas are closed by orders of local gov-

'Ramona' To Close Soon

Only four more performances remain in the 21st season of Ramona, the historic early California pageant-play being staged at Ramona Bowl near Hemet. Those afternoon performances will be played this coming Saturday and Sunday, at 2:45 p.m., and again on May 1 and 2.

Ramona, starring Juanita Encell in the title role and William Pullen as Alessandro, supported by a cast of over 350, opened last week-end to near capacity audiences.

WIND WAVES BOOK ISSUED

The first book in ten years to deal with the subject of wind waves, their origin, characteristics and effects, has been published by the United States Navy's Hydrographic Office.

Luckless Gaucho Spikemen Seek First Loop Win At San Pedro

Coach Sheldon Loughborough's Gaucho track varsity, still in quest of its first Marine League victory, journeys to San Pedro tomorrow to meet the port city Pirates.

The luckless Gauchos have lost to both Banning and Gardena on successive Fridays by the margin of a relay.

Last Friday, the Narbonneites went into the final relay in a 49 1/2 to 49 1/2 tie with Gardena's Mohicans, lost the last event by some five yards, and the meet 54 1/2 to 49 1/2.

On the same day at San Pedro, the Pirates were disqualified in the relay and lost to Banning, 54 1/6 to 49 5/6—giving an idea of the tight competition in this year's Marine League track wars.

While the Gaucho varsity was losing to Gardena, the Narbonne Bees and Cees came through in fine shape, the Gaucho Bees winning, 57 1/2 to 37 1/2 and the local Cees making the meet a walkaway, 67 2/3 to 9 1/3.

Big Bill Stitts was the sole Narbonne varsity double winner, taking both the high and low hurdles, the latter in the sensational time of 13.8.

Varsity
100—Reams (G) tie between Phillips (N) and Bahman (G) 10.4.

220—Reams (G) Bahman (G) Yetman (N) 23.4

High Jump—Magallanes (N) tie between Deek (N) and Ruiz (N) 5 ft. 4 1/2 in.
Relay—Narbonne 47.3
Score: Narbonne Cees 67 2/3; Gardena Cees 9 1/3.

300 See Opening Games Of City Softball League

Three hundred fans, a good crowd for an opening night, turned out Monday night to see Felker Di-Mets defeat Ideco 12-0 and Goodyear whip Harvey Machine 11-0 in two long scored games in the opening double-header of the current City League season.

Stan Brown, pitching for the Di-Mets, did a creditable job of chucking by allowing only two hits and striking out 14. Moss turned in the best batting show of the game with his 3 for 3 including a homer. Hank Camou and Jack Van Pelt also went the circuit with long clouts good for a run apiece.

In the second game, which was practically a twin to the opener, Sammy Sunsurri pitching for Goodyear faced 23 batters and sent 13 of them down swinging, allowing only two doubles. He did well with the bat getting 2 for 3 including two doubles. Burl Tuttle also hit 2 for 3, one of which was good for three bases. Dale Bristol's homer in the sixth inning was the only one of the game.

Team	R	H	E
Di-Mets	023	240	0-12 10 2
Ideco	000	000	0-0 2 6
Batteries:	Brown and Van Pelt; Walt, Benner and Jackson

ANGELS-STARS FEATURED ON YMCA BENEFIT

The Fourth Annual YMCA Camp Benefit Baseball Game will be played May 7 at Gilmore Field, featuring a regular Pacific Coast League baseball game between the Hollywood "Stars" and the Los Angeles "Angels", according to L. Milton Isbell, Torrance YMCA secretary.

According to Ben Alexander, popular radio announcer and chairman of the YMCA Camp Benefit Committee, proceeds from the game will be used to make many needed physical improvements at the several summer camps operated by the YMCA of Los Angeles. Over 5,000 boys are expected to attend one of the seven different Los Angeles "Y" camps this summer.

A. C. Turner is in charge of ticket sales in the Torrance area.

Members of more than 500 YMCA clubs affiliated with one of the 21 branches of the YMCA of Los Angeles are now engaged in a ticket-selling contest. Every boy who sells ten or more adult tickets will have a chance to participate in the "Free-Trip-to-Camp" contest to be staged at the ball field just preceding game time, 8:15 p.m. In addition to the ten free camperships to be awarded, many other prizes will be offered.

Tickets may be purchased from any YMCA club member or at the Torrance YMCA office, 1339 Post avenue, Torrance.

This event is sponsored jointly by the 21 branches of the YMCA of Los Angeles and by the Hollywood "Stars" Baseball Association. Assisting Ben Alexander on the Camp Benefit Committee are: Newt Small, Walt James, Fred Dahlinger, C. S. Tinsman, Jaime Monroy, Al Keller, Eric Chapman and Brad Atwood.

Builders To Clean House

Aggressive action to rid the building industry of operators who willfully defraud veterans in housing deals was promised this week under a program set up by the Building Contractors Association of California and U. S. Attorney James M. Carter.

At a meeting between the officials and Carter in Los Angeles, the BCA arranged a program to render all service within its power to police its own ranks to the extent of its ability to adjust veterans' complaints involving not only its own members, if such exist, but other builders of the Southern California area.

Sen. Downey Raps Tideland Seizure By U.S.

United States Senator Sheridan Downey today linked the Federal Government's attempted seizure of California's tidelands to "power mad, subversive groups" which, he said, have infiltrated governmental bureaus with "intent to sap and overwhelm the rights both of states and of individuals."

Downey charged that officials of the United States Department of Interior and the United States Reclamation Bureau are guilty of "a mad desire for power" evidenced not only in the tidelands grab but in the "incredibly corrupt, vicious and devious methods displayed in the attempt to control California's Central Valley Project."

The charges appear in a book written by Downey "Truth About the Tidelands" published last week.

Giannini Sees Bright Future For The World

A refreshing viewpoint on world prospects for peace and plenty was expressed Saturday by L. M. Giannini, president of the Bank of America.

Addressing 600 branch managers and administrative officers of the bank at the opening session of a three day management conference at Pacific Grove, Giannini declared: "This world is going to be what Americans make it."

"We will make it a good world if we are intelligent, energetic and resolute. Opportunity is ours as a nation to make an investment in money, brains, influence and power and bestow upon the world an ear of peace and progress."

He told his audience of executives of the world's largest bank, including Dean L. Sears, manager of the Torrance branch, that it was clear America must move vigorously to assert her manifest position of leadership in world affairs.

"The picture is becoming clearer every day," he asserted. "We have fallen heir to the task of exerting world stabilizing influences, a role which comes by default, not of our own ambition."

"In the interests of world well-being we must lay hold on these responsibilities boldly and give the world the positive leadership it so badly needs. Devotion to this great task would assure a century of world-wide social and economic progress. It must be seen as an opportunity rather than a burden."

"We must bring our very best minds into government, he pointed out, and must be less ingenuous in the world theater, and learn quickly how to match wits, wisdom and stratagem with older nations in diplomacy and in trade, commerce and banking."

Spring Flower Show Opening Set For Today

The largest collection of orchids ever assembled in the west will be on exhibition when the annual Southern California Spring Flower Show opens its doors next Thursday noon, April 22, for a four-day run at the famed Fannie E. Morrison Horticultural Center in Brookside Park, Pasadena. Largest in the southland, and one of the top-ranking events of its kind in the nation, the show will devote one entire building, 6000 square feet, to a massive display of the tropical blooms. A specially-designed "orchid jungle", complete with rare and colorful tropical birds will be the setting for the spectacular display.

In addition to the orchids, thousands of spring flowers currently in bloom will fill the four large buildings, a huge overflow tent and the Center's five acres of surrounding terrain. Iris and roses will be heavily featured and a special daffodil section has been established.

G. Wyman Hope, manager, again has provided for color photography enthusiasts who wish to use tripods in recording the glamour of the event, by allotting them from 9 a.m. to noon on Sunday.

Show hours will be from noon until 10 p.m., opening day and from 10 a.m. until 10 p.m., the following three days.

PEARLITEX

NEW WONDER FINISH!

Seals, Plasters, Paints, Insulates

IN ONE EASY OPERATION!

Pearlites* is a Ready-Mix, oil base paint... ready to use. One stroke of your brush brings thrilling beauty and real protection for new and old walls. Pearlites* needs no glazing, primer or undercoat... dries in 1 hour... is fire-resistant and washable. Leaves a textured, plasterer's finish in California landscape pastels: white, sunset yellow, Pacific blue, Monterey cream, mountain rose, desert ivory, Barbara peach, palm green.
