Chamber Tells How to Obtain Data on Government Purchases

Local firms who wish to do business with the armed services may obtain detailed information from various government agencies, according to the Chamber of Commerce. In some instances, information such as copies of specifications are obtained from one agency, while bid forms must be obtained from another agency.

Here is the latest information obtainable: U. S. Army, joint Army-Navy, and federal (including civilian agencies) specifications, with the exception of those specifications listed below—from the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. (Copies are available for consultation at the libraries of the University of Southern California and the University of California at Los Angeles and at the Long Beach Public Library).

Army Quartermaster Corps specifications—from the Office of the Quartermaster General, Washington, D. C., or from the Philadelphia Quartermaster Office.

Army Chemical Corps specifications—from the Army Chemical Center, Maryland. (Copies are available for consultation at the San Francisco Chemical Procurement District Office, Oakland Army Base, Oakland).

Army Ordnance specifications—from the Los Angeles Ordnance District Office, Pasadena.

Bureau of Supplies and Accounts specifications—from the Bureau of Supplies and Accounts, Navy Department, Washington, D. C. (Most Navy specifications are available for consultation at the Los Angeles and San Francisco Navy Purchasing Offices).

Air Force specifications—from Wright-Patterson Field, Dayton, Ohio. (Copies may be consulted—and, in some cases, secured at the U. S. Air Force Procurement Field Office, Los Angeles).

In many cases valuable time in submitting bids can be saved if firms build up their files on specifications and amendments covering their products before bids are actually issued.

and Many Others SAY—
REPRESENTING LOS ANGELES COUNTY IN THE STATE SENATE IS
MORE THAN A ONE MAN JOB!

LOS ANGELES COUNTY—District 38
 HAS 44.6% of the State's Taxable Income; 41.3% of the Assessed Valuation; 41.5% of the Retail Sales; 37.9% of the Population. PAYS 42.8% of the State Sales Tax. HAS 9.4% of the Farms; 42% of the Registered Voters; 37.7% of the School Attendance. **YES!** Los Angeles County has **ONLY ONE VOTE** in the Senate! **The balance of the State (39 Districts) has 39 Senators... 39 VOTES in the Senate! IS THAT FAIR?**

LOS ANGELES COUNTY'S ONE Senator
 Has **NO VOTE** on these standing committees: Agriculture, Budget Session and Joint Standing, Business and Professions, Education, Elections, Finance, Financial Institutions, Fish and Game, Institutions, Local Government, Natural Resources, Public Health and Safety, Public Utilities, Rules, Social Welfare, Transportation and Water Resources. He has **ONE** vote on these standing committees: Revenue and Taxation, Governmental Efficiency, Labor, Military and Veterans' Affairs, and Judiciary. **IS THIS REPRESENTATION?**

LOS ANGELES COUNTY NEEDS—
 The **REPRESENTATION** it would **REGAIN** through **REAPPORTIONMENT** of the State Senate—**TEN SENATORS**, each representing a separate Los Angeles County Senatorial District, each District will be comprised of one-tenth of the County's population; **TEN MEN** to work on committees; **TEN VOTES** in the Senate, **without increasing the Senate membership nor the cost of the Senate ONE CENT!**

HOW? Proposition #13 will **CONSOLIDATE** several of the twenty-one "less than 1% Districts."

Protect YOUR Interests! Vote—

DON'T PAY SOMEBODY ELSE'S RENT

VOTE No PROPOSITION No. 14

Left wing bureaucrats will get 7 1/2 million dollars in salaries—plus 1 1/2 billion dollars in bonds and subsidies—unless Prop-osition No. 14 is defeated. For Good Housing—not a political scheme—VOTE NO!

SMASH THIS Bad Housing Scheme

7 REASONS WHY YOU SHOULD VOTE "NO"

1. IT IS A LEFT WING—WALLACE PARTY SCHEME
 The Left-Wing—Wallace crowd drew this bill up, and duped worthwhile citizens into endorsing it. Paid employees and key leaders in the proponents' camp have long left wing records. The Communist Party and the Wallace Party have both endorsed the bill. So have 27 other organizations listed in the Tenney Red Book as Communist Front organizations.
2. IT MAKES YOU PAY SOMEBODY ELSE'S RENT
 This housing proposal is not self-liquidating; although its backers claim it is. The measure constantly refers to "subventions" (subsidies or grants) which are to be made to cover deficits. It says rents are to be levied by a political commission based upon "ability to pay." A lofty sentiment, but translated into actuality, it means a favored few get brand new homes and apartments for next to nothing, and the rest of us are to be taxed to pay somebody else's rent!
3. FIVE DICTATORS GET 1 1/3 BILLION (MINIMUM) TO GREASE A POLITICAL MACHINE
 This bill puts into the State Constitution a new political commission. Five members are to be appointed by the governor, but they cannot be removed by him. They will have the following new and unprecedented powers to raid the state treasury:
 (a) Issue one hundred million dollars' worth of bonds right away.
 (b) Go to the state treasury for twenty-five million more each year for 50 years. (That totals 1 1/3 billions, with interest yet to be added.)
 (c) Spend seven hundred fifty thousand dollars each year to "administration."
- (d) "Guarantee" through the state treasury bonds issued by local housing projects. (That last phrase means there is no limit whatsoever to the amount the political commission may require.)
4. THIS IS A THREAT TO YOUR HOME
 If we do not defeat Proposition No. 14, we get a new, hungry tax collector. A State Property Tax is permitted in the Constitution. The expenditure of 1 1/3 billion dollars could result in a tax rate of about 25 cents per \$100.00 of assessed valuation against your home. Paying somebody else's rent gets expensive, doesn't it?
5. IT THREATENS THE PUBLIC SCHOOL SYSTEM
 The public schools, by law, always have had first call upon monies in the state General Fund. Now this new constitutional amendment comes along and says first, that it shall supersede all other laws, and second, that the housing commission shall have first call upon the General Fund. No provision is made to get the schools even second on the list. If Proposition No. 14 passes, schools and teachers will have no more standing than hundreds of other State agencies and bureaus in seeking funds.
6. IT IS NOT "EMERGENCY HOUSING"
 This measure by constitutional amendment puts a political housing bureau into being for 50 years. Surely no one anticipates a housing emergency lasting until 1998.
7. IT IS NOT VETERAN HOUSING
 Although the word "veteran" is liberally sprinkled throughout the measure, he is not guaranteed housing. The State American Legion and the AMVETS have both condemned this measure as socialistic and unsound. The Veterans of Foreign Wars refuse to endorse it.
