MRS. FESS OUTLINES AUXILIARY PROGRAM

Five major activities which will occupy much of the attention of the American Legion Auxiliary during the coming year were outlined by Persia Fess, Unit President, at a special meeting of the Auxiliary's membership campaign workers at the Legion clubhouse Tuesday evening.

Declaring that the need for increased efforts in these fields was urgent, Mrs. Fess urged the

membership workers to carry information about them to all eligible women in the city. She outlined the major Auxiliary activities as:

Service to war veterans and their families.

Welfare of children of veterans.

Projects to help make the community a better place in which to live.

Support the American Legion's national security program to give the United States greater protection from war.

Americanism work to maintain the ideals and principals of free government in America.

"These activities will form the backbone of the Auxiliary's program during the year ahead," said Mrs. Fess. "The need for all of them is urgent. More active interest in them by more women is vitally important. In the Bert S. Crossland Unit of the Auxiliary there is opportunity for worthwhile service in any or all of these fields. I hope that more of the wives, mothers, sisters and daughters of war veterans will avail themselves of this opportunity this year."
