CONTEMPORARY ART FILM SERIES SET

"Contemporary Art—A Survey" is the title of a series of documentary films designed to explore several phases of the art of our time to be shown at the Los Angeles County Museum in Exposition Park tomorrow night, at 8 o'clock.

The finest composition of human nature as well as the finest china may have a flaw in it; and this, I am afraid, in either case is equally incurable; though, nevertheless, the pattern may remain of the finest value.—Henry Fielding: in Your Life.
