## Race Grows Hot For Herald Cup

The trophy dash in the Industrial league is down to the last quarter and nothing has been settled yet.

Scheduled to end Monday evening, July 24, the second round play in the league is half finished. In the second round play, National Supply is leading with four straight victories. Steelworkers and Lovelady are tied with three straight, and American Rootwool has three wins and one loss.

In the season's standings, Lovelady still leads the pack by virtue of the victory over National Supply in the playoff for first round honors.

Both National Supply and Lovelady Hardware have won 12, but the Nats have lost two while the Lovelady boys have

lost only one.

National Supply and Lovelady are scheduled to meet Monday evening, July 17.

Six runs tallied by the Steelworkers in the seventh inning spoiled what had all of the earmarks of a happy evening for the boys from National Electric Products in the "lights out" feature Tuesday.

Leading at the end of the sixth by a score of 6 to 5, the National Electric lads had their hopes blasted when the Steelworkers ran in seven big tallies in the top half of the seventh. The National Electric team picked up three runs, but it left them too short.

Alex Viscovich, stablemate of Dick Bowman on the Spud Murphy aggregate, pitched his first game for National Supply. Alex has been troubled with sore arm during the season and is just now getting into shape, Spud said. He gave up only four scattered hits to the Flying Red Horsemen.

National Supply ..... 702 400 0-13

**FRIDAY'S GAMES**

## Football Hero Takes Princess For A Bride

A football hero took a princess for his bride last week.

Honeymooning in New York this week are Pfc. Tom Faren and his bride of one week days, pretty Beverly Moore Faren. The couple flew to New York following their marriage Saturday in Las Vegas.

The bride, daughter of Mr. and Mrs. Clyde W. Moore, of 1012 Arlington avenue, was football queen at Torrance High during her senior year there last year, and a majorette with the Tartar band, the El Camino band and the Torrance Area Youth band.

More recently she was selected as a "princess" in the court of "Miss Torrance of 1950."

Faren, son of Mr. and Mrs. T. V. Faren, of 2321 West 237th street, recently completed training with the Air Force at Cheyenne, Wyo., and will report to the Schenectady, N. Y. AAF base following the honeymoon.

Faren was once the hero of all Torrance, in December of 1946—during the 13th week of school at Torrance High—Faren broke up a 13-13 tie game with San Pedro by grabbing a pass with 2 seconds to go in the game and stumbling across the goal line

for the winning touchdown and Marine League championship—the first title to come to Torrance since 1934.

## Ruffell, Carter Get Bike Crown

Two flashes from Torrance High Playground, David Ruffell and Gary Carter, traveled around the High School oval 32 1/2 times last week to capture the senior division of the five-day bike race sponsored by the Torrance recreation department.

Trailing in second place were Al Thompson and Tony Avglos. In winning the lap prizes every day, each member of the

winning crew received five free passes to Torrance theaters along with either a \$2 merchandise or labor order from the Torrance Cycle & Fix-It Shop.

Richard Ruffell and Don Coulson, also of the High School, took winning honors in the junior classification. The duo cycled the einders 143 3/4 times to edge Bob Askin and Mickey Babbitt from Fern, who were but two laps behind.

## Camino Board of Trustees Adopt Tentative Budget

The tentative budget for El Camino College was adopted by the Board of Trustees last week, calling for an expenditure during the next fiscal year of \$2,401,556.

Although this tentative budget is an increase of \$350,000 over the budget last year, it will not result in any increase in taxes, according to college officials.

In the absence of a bond issue for the construction of permanent buildings for the college all such expenditures are being provided from the income of the college.

shows an item of \$1,472,341 for ground improvements, new buildings and equipment with \$773,195 budgeted for teachers salaries and other operating expenses during the new fiscal year. Balance of the budget covers general and undistributed reserves as required by law.
