

Former Bank Teller Opens Realty Office

Miss Georgia Marlow, a vault teller at the Torrance National Bank since 1948, has opened a real estate office on Cravens avenue from where she intends to help "tell the story of Torrance."

"I have become so sold on the story of Torrance, watching it grow and expand these past few years, that I have decided to re-enter the real estate business and help point out the advantages of our city," she said.

Miss Marlow was engaged in the real estate business in Los Angeles for two and one-half years from 1945 to 1948 before joining the staff of the Torrance National Bank.

Her new office will be located at 1820 Cravens avenue, adjacent to the Grand Theater.

'Package Deal' On Use of Land To Be Discussed

A meeting between property owners and local city officials and Chamber of Commerce directors will be held soon to discuss a "package deal" concerning the development of a large tract of land at 190th street and Western avenue.

At a Board of Directors meeting of the Torrance Chamber of Commerce Monday afternoon the board voted to meet with J. V. Carson and C. M. Crawford of the Dominguez Estates, owners of the property, to discuss the plan for the development of the huge tract.

Blaine Walker, executive secretary of the Chamber, pointed out that before the Chamber's efforts to attract new industries to Torrance could be expanded, a survey of the "M" zone properties should be made. The survey should include the holdings of the CCMO, Santa Fe Railway, and the Dominguez Estates. Walker suggested. He stated that all possible industrial lands should be investigated.

Music Class Enrollment Tops 140

Enrollment in summer school instrumental classes now totals more than 140, Walter Rehwold, director of the summer sessions, said this week.

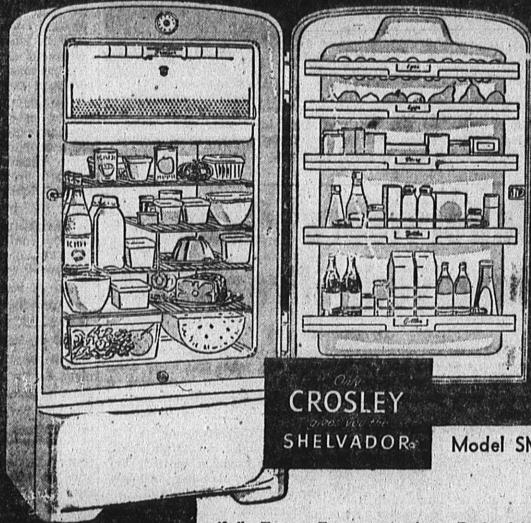

He said that 70 students were attending daily with classes being held on Monday, Wednesday, and Friday at Perry and Seaside Elementary Schools and on Tuesday and Thursday at Torrance Elementary School.

Three separate classes are being taught — namely strings, winds, and beginning orchestra. Approximately 60 instruments are being furnished by the district with others being owned or borrowed by the students.
