

'Going Business' Aids In Learning Arithmetic

Eighth graders at the Fern Avenue Elementary School are rapidly becoming experts in an important "R" of the three R's. Cathryn Chisholm is making a determined stand to "get the bugs out of fundamentals." As far as arithmetic is concerned, it is her sacred duty, as she sees it, to summarize everything that happened in the seven grades that preceded her and to consolidate and summarize and make it all stick—forever, if possible.

As a device to make the three R's stick, Miss Chisholm has organized a student body that handles an actual business operation. The class keeps books for the selling of ice cream, proceeds of which will go toward a recreational program for teenagers.

Fred Hilton, age 13, and treasurer of this actual business, reported in class the status of the books and showed that everything was in balance. He produced bills from the vendors and showed receipts testifying to payment of these bills. Fred's job, of course, was to do the adding, the subtracting and a little "multiplying, with decimals and fractions thrown in here and there.

Sandra Gish, age 12, made a report to the group on what products the group could sell to best advantage. She analyzed the different accounts to come to a conclusion with multiplication, fractions and decimals requiring solution.

Jimmie Haworth, age 12, with his YMCA shirt, stood up and reported that he had gone

Thanksgiving communion services will be observed at the Nazarene church, 1501 West Carson street, at 11 a.m. Sunday, according to Rev. W. A. Penner, pastor of the church.

Youth Sunday Slated for St. Andrew's

Youth Sunday will be observed at the St. Andrew's Episcopal church Sunday, it was announced this week by Rev. Arthur Bello, pastor.

In cooperation with their fellow-youth throughout the Anglican Communion, the youth of the Torrance church will demonstrate their part in the life of the parish family.

Several young members of the Young Peoples' Fellowship will take part in the morning prayer service at 11. At this service, the church will be reminded of the young people who will be its future leaders, and who are today making an important contribution to its work.

Rev. Bello will preach on the subject of "Today's Challenge to Youth."

Lutheran School, will bring the messages on Sunday mornings and also on Thanksgiving morning. There will be no Sunday evening services for the two Sundays, November 19 and 26, and Pastor Wenske will be back to conduct the regular services on December 3.

Church Musical To Be Presented By Noted Artist

A capacity crowd is expected this Sunday night at the First Baptist Church of Torrance to hear noted musical evangelist Phil Kerr present one of his all musical programs.

Kerr will compose a song publicly from a title selected from the listening audience. Since his early days with radio station KFI in Los Angeles, Kerr has composed some 1500 songs. He has traveled in every state in the union, crossing the country 70 times.

In the last six years, over a half a million people in person have listened to the "Phil Kerr Musicals" currently being held in the Shakespeare Club in Pasadena every Monday night. This program Sunday night is the third in the special series being held in the First Baptist Church during the month of November. The service will start at 7:30 p.m.

Soul and Body Is Science Topic

The Golden Text of the Sunday Lesson-Sermon on "Soul and Body" in all branches of "The Mother Church, The First Church of Christ, Scientist, in Boston, is from the Psalms: "The Lord God is a sun and shield; the Lord will give grace and glory; no good thing will he withhold from them that walk uprightly."

This healing, as recorded in Luke's Gospel, will be read: "There was a woman which had a spirit of infirmity eighteen years, and was bowed together, and could in no wise lift up herself. And when Jesus saw her, he called her to him, and said unto her, Woman, thou art loosed from thine infirmity. . . . And immediately she was made straight, and glorified God."

In the Christian Science textbook, "Science and Health with Key to the Scriptures," Mary Baker Eddy says, "Christ, Truth, was demonstrated thru Jesus to prove the power of Spirit over flesh—to show that Truth is made manifest by its effects upon the human mind and body, healing sickness and destroying sin."
