

Plumber Finds Slight Detail Overlooked!

There are some mighty red faces among the contractors, foremen, and inspectors working on a new store building being constructed by Harvel Guttenfelder at Marcella and Cravens avenues.

The plumbers arrived last week to hook up the wash basin. The walls were un-
finished, and plastered. The plumber stood, bowl in hand, ready to tie in the basin to the plumbing when he discovered somebody had overlooked a slight detail.

They forgot to put in the water pipes.

Darby Backs Sheriff Dept. In Gang Slaying

Despite "unfavorable publicity because of the slaying of an attorney alleged to have gang connections," the sheriff's department was backed to the hilt Saturday night in an address by Supervisor Raymond V. Darby.

Cautioning his radio listeners not to "judge the many because of a few," Darby said he believes that the Los Angeles County Sheriff's Department, we are blessed with some of the finest law enforcement officers that you can find anywhere in the nation."

He commended Sheriff Eugene Biscailuz in having suspended the "charged individuals" (in the sheriff's department) until "such a time as they are proved either innocent or guilty."

According to Darby, "the most serious effect of such a breakdown in government is that those who are prone to criticize democracy point to such unfortunate incidents in condemning our form of government."

Graduates Eligible for Commissions

The United States Navy now has openings available to college graduates in General Line and Supply Corps officers program, announced Chief R. S. Kronberger of the Navy Recruiting Station in Gardena this week.

Successful candidates will attend indoctrination school and subsequently be placed immediately on active duty.

Applicants for General Line officer commissions must have a baccalaureate degree, Chief Kronberger continued, with at least 12 college semester hours of academic or engineering mathematics, and at least six college semester hours of physics.

Candidates for a commission in the Supply Corps must also have a baccalaureate degree with an academic major in related supply fields.

Chief Kronberger added that the age limits have been set at a minimum of 19 years old but not yet 28. Applicants must be classified 1-A by their local Selective Service officials or be eligible for such classification, and in addition must successfully pass the Naval Officers Qualification Test.

Complete information is obtainable at the Navy Recruiting Station in Gardena, Chief Kronberger added.
