A WELCOME ADDITION to the home of Robert and Conny Carlson, 1764 Calmar street, is little Vivian Helmer, second daughter of the Carlsons. She arrived January 23 at San Pedro Community Hospital and weighed 8 pounds 13 ounces. Her "big" sister is Claudia, who is 2½ years old. Paternal grandmother is Mrs. Esther Carlson of Torrance, and maternal grandmother is Mrs. Rosita Paulsen of Los Angeles. Mother and new daughter are "at home" and getting along fine!

MRS. LILLIAN MIDDLETON, of 2104 Middlebrook road has another son in the Marine Corps! The latest one to enlist is Larry, who was sworn in last week and already stationed in San Diego. Larry, who shortly before Christmas took as his bride the former Jeanne Jenkins, will no doubt be sent to a more permanent base very soon. Mrs. Middleton's oldest son, Eddie, was here on furlough last month, but is now somewhere in Japan.

One of their visitors was Dr. Eugene Cook, who holds the honor of bringing them into the world.

Better Postal Service Seen For Waleria

The Waleria Post Office will achieve second class status on July 1st assuring better service for its patrons, it is announced by Robert Sleeth, postmaster.

With the change will come authorization for additional clerical help, more equipment, and establishment of postal savings accounts. No immediate change in the delivery service will be evident, however, Sleeth said.

The office has exceeded by several hundred dollars the \$8000 in gross receipts necessary for second class status.

Put in operation nearly 25 years ago, the office was given a third class rating a decade ago. Sleeth has been postmaster since 1949.

'Rat Packers' Stop Car, Smash Window

Fleeing up Pacific Coast highway from their "victim," several members of an area "rat pack" scurried right into the arms of the law last week.

Donald C. Smith, 21, of Torrance, said he was pounced upon at 257th and Western avenue by three carloads of youths who blocked his path with their autos. Several of the boys poured out, shouting invectives. One threw a rock breaking his left front window.

The youths piled back into their cars and Smith pursued to Hermosa Beach where they were arrested. In view of the fact that Smith did not want to prosecute as he was leaving for Louisiana shortly, officers let everybody go except three 17-year-olds, all of San Pedro, who were cited for violating the county curfew law.

Supervisor Asks OK on Park Use

Looking toward future use of land in Alondra Park for a court site, the Board of Supervisors last week sponsored permissive legislation requesting the State Legislature for an exception to the restrictions under which the park site was acquired (Mattoon Act).

Supervisor Raymond V. Darby presented the motion which was approved by the other Supervisors.

The Legislation, if passed, would allow the Board to use a portion of the park for either a court or courts structure, if it is deemed advisable under the reorganization of the inferior courts by January 1, 1952. Darby stated that the County will not be obligated under such legislation, but is seeking it to forestall any future court space shortage.

'Cancer Problem Acute' Warns Local Chairman

"Never before in the history of our community has the problem of cancer been more acute," Mrs. Paul D. Loranger, newly appointed campaign chairman for the Torrance unit of the Los Angeles County branch of the American Cancer Society for their Educational Fund-Raising Drive, set for April 1, 1951, stated this week.

Mrs. Loranger, well known locally for her work in the community in women's clubs, further stated after accepting the appointment:

"While the society is endeavoring in every way possible to emphasize the fact that there are many cured cases, it is also true that Los Angeles County has one of the highest fatality rates from cancer of any place in the United States.

"The only way in which we can combat this fatality rate
