

# Youths To Tell Court Of Shooting Mishap

Expected to testify in the City Court today is a 33-year-old farmer's wife who was shot in the foot last Thursday by a trio of Torrance High School youths who were "hunting" in the open fields near 238th street and Walnut street.

Shot in the toe was Mrs. Ayako Ito, wife of Kiyoshi Ito of 322 Sepulveda boulevard.

Mrs. Ito told Torrance Police Officer D. C. Cooke she heard a bullet whine over her head a few minutes before she was shot in the right foot by a stray .22 caliber slug.

The youths said they borrowed a Winchester rifle from another high school student and had "ditched" school to hunt in the fields south of Kettler Knolls. The boys were turned over to school authorities, had their gun confiscated, and were told to appear before City Judge Otto B. Willett this afternoon.

After locating the slug by Craying, Dr. Rodney Stetson with offices in the Acacia Medical Building, moved the bullet which was embedded in the bone.

# Pacific Electric Worker Retires After 34 Years

Edgar W. Lock, a Pacific Electric employe since 1917, and at Torrance since 1919, is retiring this week and moving to his new ranch home in Escondido.

Born in Exeter, England, Lock was a fireman and engineer for the Great Western railroad here before coming to the United States in 1913 to live with an uncle in Des Moines.

He came west and joined Pacific as a laborer and was transferred to Torrance when PE opened extensive shops here. He has held the positions of shipping clerk, store inspector and stockman.

Lock recalls assisting early lay moviemakers who came to Torrance to buy and rent authentic rail equipment. He and his wife have been residing at 1317 Portola avenue.

Lock, 68, is a member of the Torrance Masonic Lodge and PE Masons Club.

He plans to take care of his fruit trees at Escondido, enjoy his hobby of photography and occasionally join his son-in-law who operates a fishing boat off San Diego.

Lock's Escondido address is Star Route, Box 12-B.

# Supervisors Seek Funds For Hospital Building

A resolution requesting \$5398 of Chapter 20 funds for the construction of an incinerator and refuse storage building at Harbor General Hospital has been adopted by the Board of Supervisors.

On motion of Supervisor Raymond V. Darby, the supervisors requested the state to pay one-half of the total cost—estimated at \$10,796—of the construction project.

Plans for the incinerator revealed a proposed capacity to burn 500 pounds of combustible refuse an hour. The storage building will be a shed-like structure in which materials will be stored until enough is accumulated for burning at the proper times.

# Employment Auditor Outlines Changes in State Regulations

A basic change in the California Unemployment Insurance Act which will affect approximately 6500 employers throughout California by March 31, was reported this week by E. L. Funder, auditor in charge of the State Department of Employment's audit district office in Long Beach.

"An amendment passed by the legislature during January brings the California law into conformity with the Federal Unemployment Tax Act in regard to the \$3000 limitation on taxable wages of the employees of a firm that has changed its ownership during a calendar year," Funder said.

"Under the new provisions of the law, effective February 5, 1951, the wages paid by a former owner, or predecessor employer, to an employee may be considered as having been paid by the new owner or successor employer," in arriving at the maximum amount of taxable wages paid to each employee if he were employed immediately prior to and immediately after the change in ownership. Under the California law, only the first \$3000 paid to an employee during a calendar year is taxable. This differs from Federal Old-Age and Survivors' Insurance, which has a tax limit of \$3600 a year.

# Hospitals Get 138 Pints of Red Cross Blood

Patients in Torrance hospitals received 138 pints of blood from the Los Angeles Regional Red Cross blood program during the month of January, a report from that organization shows.

Torrance Memorial Hospital received 43 pints and Harbor General hospital was stocked with 95 pints of the life-giving substance under the civilian phase of the local blood program. Altogether the Red Cross sped 7449 pints of blood without charge to 131 hospitals, laboratories, and clinics throughout Los Angeles and Orange counties.

This was in addition to the 10,535 pints of blood used by the armed forces, particularly those in Korea, the Red Cross stated. The report was issued this week by Earle M. Jorgensen, 1951 Red Cross Fund Campaign chairman, who emphasized the value of the blood program "in far-off Korea as well as right here at home."

"The blood program is one of the many services provided out of your Red Cross contribution," Jorgensen said. "We must remember that blood cannot bottle itself, nor can it test, or distribute itself to those who need it."

Jorgensen estimated that all services of the Red Cross, including the blood program, cost that organization \$7 a minute. He urged all to support the 1951 campaign, which began Feb. 26, and emphasized the imperative nature of "giving double for a double need"—this year's campaign slogan.

"When you write your check to the Red Cross remember that slogan," he said. "Then estimate how many minutes of Red Cross services you can afford at the rate of \$7 a minute."

One more volunteer joined the local group of Red Cross workers this week. She is Mrs. A. B. Pierce, 5337 Doris way. And more are needed, according to Mrs. Gladys Weston, local fund chairman. Volunteers may contact Mrs. Weston at local headquarters, 101 South Pacific, or phone FRontier 21266.

# John Moffitt Completes Photo Course

Announcement of the graduation of Pfc. John E. Moffitt, of 1508 West 221st street, from the photography school at the Lowry Air Force Base near Denver, Colo., was made this week by the Air Training Command.

Moffitt, whose wife, Donna, lives at the 221st street address, is the son of Mr. and Mrs. Robert E. Moffitt of 2724 Arlington avenue. He received his Air Force basic training at Oakland and Sheppard Air Force bases in Texas.
