El Camino Play 'Of Thee I Sing' Opens 3-Day Run

George Gershwin's musical comedy, "Of Thee I Sing," which has been called the most successful music-stage lampoon ever to appear on the American stage, opens a three-night run tonight, April 12, at the Redondo

Beach Union High School auditorium. Curtain time for the El Camino College production is 8:30 p.m.

A cast of over forty, and dance routines directed by Jack Baker, choreographer for RKO studios, provide a colorful stage and musical background for the zany satire of an American presidential election campaign. Music for the play was written by George and Ira Gershwin, and the book was prepared by George S. Kaufman and Morrie Ryskind.

FOREST DOMAIN

There are more than 130,500 square miles of the national forests in the Rocky Mountain states.

And Vice Versa Uncle Sam Gets Appointment With Busy Torrance Dentist

Packing up his equipment this week prior to keeping a dental appointment with Uncle Sam is Dr. R. G. Bailey, who has maintained his dental offices at 1613 Cravens avenue since September 1947.

A member of the Officers Reserve Corps, Dr. Bailey will report to San Antonio, Texas April 24 for a month of indoctrination training before being assigned to a regular unit. He will enter the service as first lieutenant.

Before reporting to the service, the dentist plans to visit his parents in Modesto for a week.

"I've certainly enjoyed Torrance, and have enjoyed meeting the people here," Dr. Bailey told the Herald this week. He said he wanted to come back here after his tour of duty with the Army "if they don't keep me too long."

A graduate of Northwestern University of Chicago, the 29-year-old dentist served with the Army as an enlisted man during World War II.

During his absence Dr. J. S. Roberts will take over his practice, Dr. Bailey said.

Workers Retire From G. P. Jobs

Retirement of two Torrance refinery workers was announced this week by General Petroleum Corporation officials.

Retiring are C. C. Hobbs, a carpenter with the company since 1944, and W. M. Vaughan, a machinist, helper since 1946.

Hobbs plans a trip to Wyoming and a stay in Texas before returning to Southern California. He says he probably will seek a job at his trade in some defense plant in the area.

Vaughan is planning a trip to Wisconsin, about trout season time, to see his son and three grandchildren on the farm. Before joining the oil company he was a railroad fireman and brakeman.
