Torrance area, might be included in a rotation plan soon was expressed last week by Air Force Secretary Thomas K. Finletter in a letter to Rep. Pat Hillings (D) of Areddia.

Finletter told the Congressmen that it had been impossible to rotate any of the light bomber crews before now because no replacements were available.

In press dispatches from Washington, however, the Air

Secretary was quoted as saying that there was hope that a new phase of rotation to include the Southland bomb wing could be started late in August or near the first of September.

Here comes that long-legged bird again. Namely the stork. His visit this time was paid to Mr. and Mrs. Clinton Heuring, Mrs. Heuring was formerly Joyce Michaels of Newton street. She presented her husband with a husky nine-pound daughter Monday, July 23. This reporter was told especially to say "Hello" to Grandpa Mike, Newton street.
