CARL P. MILLER  
 ... Rotary Leader

**Rotary District Governor Visits Torrance Club**

The Rotary Club of Torrance today will host Carl P. Miller, governor of the 180th District of Rotary International, who is making his annual official visit to each of the 69 Rotary clubs of the Los Angeles metropolitan area. He will confer with President Russell Lund, Secretary William Zoeller and other local officers on Rotary administration and service activities.

Miller is executive director of Dow Jones and Co., Inc., publisher of the Pacific Coast edition of the Wall Street Journal and is a member of the Rotary Club of Los Angeles. He is one of 203 Rotary district governors supervising the activities of some 7300 Rotary clubs which have a membership of 350,000 business and professional executives in 83 countries and geographical regions throughout the world.

Wherever Rotary clubs are located, their activities are similar to those of the Rotary Club of Torrance because they are based on the same general objectives—developing better understanding and fellowship among individuals and fellowships among communities and professions, promoting business and professional men, promoting community betterment undertakings, raising the standards of business and professions and fostering the advancement of good will, understanding and peace among all the peoples of the world.

Each year this world-wide service organization continues to grow in numbers and in strength. During the last fiscal year, for example, 257 new Rotary clubs were organized in 35 countries of North, South and Central America, Europe, Asia, Africa and in the islands of the Pacific.

**Camino College Completes Grade Ranking of Men**

El Camino College has completed the final scholastic ranking of all full-time college men, according to Merl F. Sloan, director of student personnel. The procedure ranks all men according to grade averages for the past school year. Due at Selective Service headquarters by August 20, the grade rankings are to be used by the draft boards to determine eligibility for postponement of military service.

Both the selective service qualification test taken by most local college men of draft age and the rank certificates are to be used by draft boards. Selective Service headquarters urges all eligible men to request a certificate of rank early enough to reach their draft boards by August 20.
