

**Impatient Maiden:**

**Doc Finishes Second in Race With Wee, Wee Tot**

Weighing less than three pounds is a wee tot in the Torrance Memorial Hospital who arrived last Thursday 2 1/2 months ahead of time—in fact, ahead of the doctor.

Doing "mighty fine" in an incubator is little Julia Murray, daughter of Mr. and Mrs. Robert E. Murray, 1513 Hawthorne boulevard.

The impatient little maiden arrived last Thursday and was in such a hurry she didn't wait for the arrival of Dr. Kurt Shery, attending physician, nor the ambulance.

Her first ride was a screaming dash to the local hospital where Dr. Emmy Schiller placed her in one of the incubators given to the hospital by the Torrance Lions Club.

Getting in on the "little things in life" is becoming a habit with Dr. Shery. He also delivered Mrs. Billie Owens' 1-pound, 12-ounce offspring last November.

*'Potpourri'*  
 RUTH HANOVER HELEN SCHMITZ  
 Frontier 5-1410

Tuesday evening Erle and Wiley Piper entertained a group of neighbors with a barbecue. Menu for the evening was savory venison. Couples gathered around the fire included Fred and Hilda Teetzal, Tony and Ginny Baldwin, Emile and Hilda Huskamp, Don and Vivian Mullaney, Moe and Grace Stot-

ton Mrs. Dorey Gruver. Cause for conversation: Jake and Maggie Smith celebrating Jake's birthday with a small group of friends... Fred and Hilda Teetzal making the rounds at Las Vegas and San Francisco... Emile and Hilda Huskamp stalking deer somewhere north of Bishop, California... Jo Ann and Con Vandenberg spending a few days at the Thunder Bird in Las Vegas... Bary Beth Hornbeck escorting two small horse enthusiasts to the horse show, Elana Hornbeck and Jean Ann Huskamp... Pierce Venable's very nice promotion and transfer with Nash Company to Arizona. Congratulations, Pierce... A lovely luncheon given by Margaret Roetiger and Pauline Doyle in honor of Helen Schmitz's mother, Mrs. Beatrice McRobert.

For the neighbors who have not heard, Las Vecinas Benefit Card Party was a huge success due to the tireless efforts of Thelma Simmons, Frances Weber and their hard-working committees. Let us also mention those wonderful husbands who helped with the cleanup detail. God, those dishes!

A late bulletin just arrived which mentioned the fact that the five Merola girls offered their services as baby sitters free of charge on the night of the card party. Sincerest thanks to you girls for this thoughtful gesture.

Ruth Hanover and Ginny Baldwin attended Federation Luncheon and Fashion Show held at the Florentine Gardens. The style show was put on by the Estel McKinzie Shop in Beverly Hills and featured new styles for women of all ages and types. Much in evidence was the new trend of one-color outfits in complementary tones.

In closing we offer a poem (such as it is). Monday October 29th Today please remain at home If you must chit-chat with a neighbor Can't you do it by phone When the volunteer worker comes to your door He'll ask for your cooperation, and not a bit more. Make an effort to contribute your best. For this worthy charity, THE COMMUNITY CHEST.

Community Chest volunteers for Seaside Ranchos and Hollywood Riviera are organized and will call at your home October 29 in a one-day campaign to help put Torrance "over the top." The following people are giving their time to this worthy cause. Seaside volunteer workers are Emily Honzik, Margaret Whyte, William L. Steinwaks, Warren Boggs, Evelyn Murphy, Quentin Johnson, William Hagede, R. O. Mcase, Bettie McCollum, David Huford and Byron Johnson under Section Chair

**Guess 3 Seconds Short Wins Iron**

A guess as to how long a Southern Ironmaster would operate on a gallon of water earned for Mrs. A. L. Baker, 1548 West 220th street, one of the new irons this week.

show window of the Southern California Edison Company, was turned on at 9:30 a.m. October 19. Wayne Lindner, manager of the local office, punched a stop watch at 3:50:11 p.m. to mark the time the water supply became exhausted. Mrs. Baker's guess was 3:50:08 p.m.

The contest was conducted by all of the local appliance dealers stocking the Ironmaster as a means of introducing the iron and its new steam-generating principle to the public.
