Tartar Teen Talk
By BETSY SHAW

"Welcome home alumni!" With these words Torrance High School's first annual Homecoming Game is under way. Yes, tomorrow night, November 9 at 8 p.m., alumni will crowd into the stands to see the results of the 1951 Torrance-Redondo grid-iron battle.

Chosen as hostesses by the Associated Student Body is Shirley York, a member of the senior class. As homecoming queen, she and her court, Marian McDonald, EdDora Brown and Karen Ness will reign over the festivities. Out of 149 girls nominated, 15 were chosen. Of these fifteen, the queen and her court were elected.

Undergoing grueling practice sessions are the band and drill team who are preparing stupendous half-time festivities to honor the alumni. Speeches will be made during half-time by past student body presidents and the present student body president, Jack O' Cain. At this time the homecoming queen will officially welcome back all alumni.

Following the game alumni are invited to attend a reunion in the school library. Coffee, cake and cookies will be served.

Torrance High School extends a warm invitation to all alumni to attend the game, visit the campus and renew old acquaintances.

Halloween was celebrated in many ways on the Torrance High campus. On October 26 the junior class held a dance in the school library. Bill Ames and Frank Sciarretta combined the talents of their two bands and supplied the music. The sophomore class held a party on Halloween eve at the VFW hall which proved to be a big success. Bill Ames and his band were on hand for this affair. October 31 saw many of our students in weird costumes at the Civic Auditorium, dancing to the music of Dan Stewer's band. Several of the more energetic ones tramped through the streets of Torrance trick or treating.

Mr. Steinbaugh appeared before the Student Council last week to discuss the problem of smoking on school campus. A state law prohibits students from smoking either in school buildings or on school grounds. Unfortunately, many students have been disobeying this law, so consequently something has to be done about it. Up until now the problem has been handled through the student courts and by the faculty. However, with the increased enrollment the problem has grown too big for them alone.

Several suggestions were made during the discussion but the one agreed upon by most members was to set aside a restricted area of campus where students, with their parents' permission, may smoke under faculty supervision. Before deciding on a solution the student council thought it best to present the problem to the Board of Education. With their help we hope the problem will be solved.
