

...Pancakes

(Continued from Page 1)

Secondly, through the sale of tickets to the affair the "Y" hopes to raise funds to finance the operation of the various youth activities planned for the coming year.

Another nominee for the "A Good Neighbor" title is Mrs. Margaret Webb of 1003 Cota avenue. Casting her vote, a letter written to the Herald this week, was Mrs. Catherine Dunmyer who praised Mrs. Webb for devoting time unselfishly and refusing any fee for caring for those in her neighborhood who became ill. Mrs. Webb's Dunmyer: "Please, put her on top of your list, for if anyone deserves to be 'A Good Neighbor,' she does!"

Nominating Mrs. Webb also were Mrs. E. A. O'Connor, Mrs. Orlin Putman, and Frank Poole. Another nomination for Mrs. Poole came from Mrs. William Speck, 1511 Acacia avenue. Additional letters naming Mrs. Margaret O'Toole, a rural route carrier, arrived this week from Mrs. Mavis Cook (no address) and Emma Anderson (no address).

Arriving yesterday was the following letter naming Mrs. Martha Evans, 2026 Androo avenue, as "A Good Neighbor": "She has been such a good neighbor. When I was sick a few weeks ago she brought me lovely bouquets of sweet peas and carnations, also made puddings for me and brought pie to my husband."

Just a few weeks ago she took the four pads from my brook, prof room chairs, washed them and made new fillers for the covers. "I feel she deserves a ticket for the 'Good Neighbor' breakfast Saturday morning."

The letter was signed by Mrs. T. T. Hoyt of 1958 West 220th street.

Nominated earlier in the YMCA's search for Good Neighbors were:

- Mrs. Bessie Putman, 1003 Cota avenue.
- Mrs. Elizabeth Leeds, 2363 Maricopa place.
- Mrs. Charles E. Ward, 1627 Birch avenue.
- Mrs. Margaret O'Toole, 1225 Madrid avenue.
- Mrs. Vera Wright, 18328 Ros-

Council Halts Dump Operation

Dumping operations in the Pacific Hills site known as the Cassidy Dump were ordered stopped by the City Council Tuesday night.

Owned by K. Sande Senness, the dump which is located near Madison street in Walthers, has been used as a dump site during a clean up of oil sumps in the Torrance area. The City Council voted to close the dump until the operators had obtained the proper licensing.

Mayor Bob Haggard protested the continuance of the dump in avenue.

All have been invited to have breakfast at 10:30 a.m. as guests of the YMCA. They will be presented with corsages provided by Mrs. Kay Walsworth, owner of La Galeria Florist.

First hotcakes will start coming off the griddles at 6:30 a.m. and will continue in a steady stream until 11:30 a.m.

Planning to attend the breakfast en masse are 27 real estate men of Mayfair Creamery who are donating the milk and cream for the breakfast.

Other donors of food include: Mountain States Dairy, outter; Schilling Bros., coffee; Edgemoor Farms, eggs; A&P Market, sausage; Tengarden Products syrup; General Mills, pancake flour; and Union Packing Company, sausage.

Support to the effort was provided by Joe McNally Jr., of the Strickworkers of America, Local 1114, who was instrumental in obtaining the use of the CIO sound truck to help publicize the event.

Tickets, \$1 for adults, 50 cents for children, may be obtained from any member of the various YMCA youth groups, or from members of the breakfast committee, or at the door. Helping to "keep things moving" during the morning-long feed will be John Lawson, former vice-president of the Liberty Radio Network in Texas. Lawson, a recent newscaster to Torrance, is also the former manager-owner of KBKW in Aberdeen, Washington.

...Dedication

(Continued from Page 1)

will be presented to the YMCA according to Mrs. L. A. McCoy, chairman of the building committee of the Junior Woman's Club of Torrance. Dedication of the 24,000-square foot brick building climaxes a campaign started six years ago by the Juniors. The Juniors raised \$13,674.30 by sponsoring the six Miss Torrance contests.

The Juniors' efforts also were rewarded by a \$3000 grant from the Los Angeles Area Building Fund when their efforts were recognized by the Community Chest of which the local YW is a part. The project also won for the Torrance Junior the Sears Roebuck Foundation Award this year. The local women's group took the sweepstakes award in the "Building a Better Community" contest and received \$250, which was used to purchase dishes, silverware, and a piano for the building.

The brief ceremonies Sunday will be opened by an invocation by Rev. Paul Wenske, pastor of the First Lutheran Church of Torrance. Mrs. McCoy will welcome the guests and introduce members of the building committee. She also will present Sam Levy, construction chairman, who piloted the project once the construction actually started.

A prayer of dedication will be given by Rev. Cecil England of the First Christian Church of Torrance, followed by a solo by Wesley Smith, who made a hit during the recent YWCA benefit show, "Three Nights in Torrance." He will sing "Bless This House."

Mrs. Charlotte Lukes, executive secretary and program director of the Torrance branch of the YMCA, will introduce members of the Y-Teens, who will tell what the building means to the youth of today and tomorrow.

The benediction will be offered by Rabbi Moshe Amaine of Los Angeles. Presentation of the plaque will then be made by Mrs. Charles E. Wallace, president of the Juniors. It will be accepted on behalf of the YMCA by Mrs. L. Stamps, chairman of the Tor-

rance branch of the YMCA.

Planning Sunday's rites are Mrs. McCoy, chairman of the dedication committee, and other members of the committee, including Mrs. Douglas Baldwin, Mrs. W. C. Boswell Jr., Mrs. Wallace and Mrs. E. E. Clayton.

Requests Census

A request to the Department of Commerce's Bureau of Census for a special population census of Torrance was sent to Washington yesterday by the City Manager after the City Council authorized such a request Tuesday evening.

The city manager explained to Ray V. Peel, the director of the Bureau of Census, that Torrance had been credited with a total population of 22,241 in the final 1950 census, but that the city had grown to at least 30,000 since that time and was now entitled to larger apportionment of the state and county tax monies.

New Water ... Train Victim

Step number one in the formation of a district which will vote on the \$2,000,000 water bond issue in January was taken on a hearing held in the Torrance City Council chambers Tuesday night.

R. C. Kemmer, a representative of the James Montgomery Company, stated that the district, to be known as Municipal Water District Number 3, will be contiguous with the city boundaries except in those areas receiving water from four other companies.

Omitted from the district Excluded from the district are those areas served by the California Water Service, the Narbonne Ranch water companies, the Moneta Water Company and

American were interrupted during the last war, during which he served a hitch with the Navy as a fighter plane pilot as a lieutenant junior grade.

Distraught by the news of her husband's death is the victim's widow, Mrs. Luella Sue Cooper, who was placed under doctor's care.

Their two children, Dennis 2½ and John Haven 4½, have been told only that their mother is ill. They are being cared for by a neighbor.

Funeral arrangements are pending the arrival by train of the victim's parents, Mr. and Mrs. Robert L. Cooper of Parkersburg, W. Va. The crash victim was their only son.

UNITING THE DEFENSE OF THE UNITED STATES

How we've geared the telephone system to meet today's emergency

Air Defense Filter Center: Telephone lines link these vital air defense radar posts.

- How fast can we spread the word? Since the days of Paul Revere, the nation's strength in times of crisis has depended on swift, reliable communications. Today, the telephone is at work helping our military men organize their forces... at work saving minutes and hours and days in defense production plants... at work nearly everywhere uniting the strength of our millions of people.
- Emergency facilities of our own are being added, too. Like this standby generator which can produce our own electricity in case of power line failure. Special plans have been made to rush "telephone task forces" of men and materials into strategic areas, if need be. In every way possible, we're making sure the calls keep going through... the calls which mean so much to our nation.
- Since Pearl Harbor, we've put well over a billion dollars into telephone facilities in the Pacific West. We've made many, many technical improvements to speed and extend the service. The result: A telephone system far stronger than ever, doubled in size. We could do it because, over the years, we've had the financial strength to attract the investors' savings we must have to pay expansion costs. And with financial strength in the future, we can continue to build our ability to serve you and our nation.

Your telephone is one of today's best bargains

Price changes since 1940

1950 UP 130%	COST OF LIVING UP 84%	AVERAGE TELEPHONE RATES UP 75%	COST PER TELEPHONE YEAR (CALL ACTUALLY OVER YEAR IN 1940)
--------------	-----------------------	--------------------------------	---

1 The cost of telephone service today has actually dropped in terms of the number of long-distance calls a customer can call without toll charges. For some 1145 longitudes have included in most plans.
