

LLOYD DENNEE MAKES YOU A CHRISTMAS PRESENT of \$58.44

—with this great New Set!

Gay Surprise Party Marks 15th Birthday

Loretta, 15-year-old daughter of Mr. and Mrs. Paul F. Vonderahe, was the completely surprised honoree at a birthday party arranged Thursday evening at the Beech avenue home of Sharon Felker.

Following games, lovely personal gifts were presented to the birthday celebrant by her hostesses and Mary Schott, Betty Weber and Julie Rhone, all of Torrance, and Marlene Weber of Inglewood.

Seasonal decorations were used throughout the home and in the playroom candles and colorful berries centered the table where the girls enjoyed birthday cake and other refreshments.

Harbor Area Nurses Home With Reports

Harbor area nurses who attended the annual California State Nurses' Association Convention in San Francisco recently returned with reports that the 46th meeting of the state's registered professional nurses was the "best ever."

Final plans have been completed for the Christmas party, to be held this year at the Harbor General Hospital at 7:30 p.m. on December 14. This will also be the annual meeting at which time reports will be given and officers installed for the ensuing year. All nurses in the Harbor area are invited to attend and bring a gift to exchange.

The Harbor area nurses wish to express grateful words of thanks to all newspapers who were so cooperative during the recent series of classes pertaining to disaster nursing, stated Margaret Feuille, president.

Club Member To Observe Christmas

Christmas will be exemplified in all activities of the Fuchsia Club as it meets December 20 for the annual holiday meeting.

Toys for needy children and community singing with the members and guests entering into the holiday spirit by singing a group of Christmas carols led by Mrs. Tomm Rossbottom and Mrs. Irene Howe, will be features of the meeting.

C. O. Elpper will preside and Enrl Stoddard will present a program of home talent including the community singing and those planning to attend are asked to purchase a child's toy to cost not less than fifty cents to be carried out as a gift exchange that night with the toys later donated to a children's welfare program.

A special plant sale will be presided over by Mrs. Bruce Bain and holiday refreshments will be served by Mrs. Dorothy Alexander and her committee.

Unlawful for Child to Own Firearms

Timely advice to fond parents who may have been contemplating the purchase of a BB gun for junior's Christmas present, was given by Officer S. W. Stevenson of the Traffic Education Section of the Los Angeles Police Department at the Safety Conference of Tenth District California Congress of Parents and Teachers. Such guns, as well as those which shoot pellets, are illegal, under the law which prohibits ownership of firearms under the age of twenty-one years. In the hands of irresponsible youngsters, the deadly missile have been used to break windows, street lights and even blind others.

Two-wheel bikes should not be given to a child either, until he is big enough in stature to properly reach the pedals, and old enough to grasp the motor vehicle rules. Parents can be liable for damage done by bike riders.

Cecil Zaun, director of safety education for the Board of Education and a member of the National Safety Council, scored parents who double park around the schools creating one of our greatest safety hazards. He also pointed out the dangers of parents who drive small children to school on rainy days and drop them off in the middle of the block on the wrong side of the street.
