Families Pay Rent To Uncle Sam, Now

The 156 families residing in the Palos Verdes Apartments in the Hollywood Riviera district, will be paying their rent to Uncle Sam in the future.

Federal Judge L. R. Yankwich Wednesday awarded temporary receivership of the dwelling units to the Federal Government in a foreclosure suit.

U. S. Attorney Walter S. Binns failed the suit which charges the Palos Verdes Apartments, Inc., with back payments totaling \$1,278,157 in principal and interest.

The switch in landlords from P. V. Apartments to Uncle Sam will not affect the tenants except that they will pay their rent to Henry G. Beaumont, North Hollywood property manager, who was appointed by the court to handle the matter for the government.

A hearing on permanent government receivership is scheduled for April 13. If permanent receivership is awarded, it probably will be six months or more before the government will sell the property at public offering, Binns' office reports.

The action filed by the U. S. Attorney claims that the corporation defaulted on a \$1,269,500 loan from an insurance company a year ago. The company was "insured" by the Federal Government under provisions of the National Housing Act, it was stated. The government has paid off the insurance investors.

The suit named the late Rudolph Mayer, brother of Louis B. Mayer, movie bigwig, and Jack Cummings, a motion picture studio executive.

Charles Kinner of Los Angeles is listed as president of the corporation, according to the U. S. Attorney's office.

Speaking of ranges . . . have you seen the latest?

OF COURSE— IT'S ELECTRIC!

WHAT'S THE FEATURE you see in your fondest range dreams? You'll find it on at least one of the models in this stellar range lineup.

Just for instance, there's a built-in griddle, full size large oven and small size "one dish" oven on one model. So when your menu calls for two different kinds of oven cooking, or two different oven heats, you can do it all at once.

Choose the range that suits your purse, purpose and taste. And remember this—the ranges that look better and cook better are electric ranges. See your dealer.

ELECTRIC is the word for cleaner, faster water heaters, too!
