

NORTH TORRANCE TATTLER

By MRS. HELENE ALLISON
MEnlo 4-2430

This week the doors of the schools close on another term and plans for the summer camp, Bible school, and work during the vacation are under way. The younger ones will remain at home which means more cow-boys and Indians in the streets and more referees needed to determine the winner when the new Baron Leone holds are tried.

What better way could a school term be finished than with a circus? That is exactly what will happen at Perry School, 17831 Prairie Ave., this June 18 with two shows, one in the morning and one in the afternoon. John Strong's one ring circus, is being sponsored by the Perry PTA and the proceeds will go to troops 1388, 867 and 868 of the Girl Scouts. Most everything that thrills the children will be featured, magic acts, trick dogs and ponies, jugglers and puppet shows. Even a trained monkey and clown. Come one, Come all!

While on the subject of schools, those of you who were interested in the naming of the new elementary school to be on 168th near Yukon will note that it is to be called the Evelyn Carr School. Mrs. Evelyn Carr was one of the first members of the Board of Education and was in-

Brase Confined With Broken Leg

Bill Brase, 39-year old electrician who fell recently dropping only four feet but breaking his leg, will be confined to the Torrance Memorial hospital for at least eight to 10 weeks, his mother said this week.

His leg is in triple traction. Brase lives with his wife, Winifred, a National Supply secretary, at 2468 Border Ave. He was working on a new home tract on Sepulveda Blvd. when the accident occurred.

QUOTE 'N VEST
By Jack Treskes

I saw a sign on a house the other day. It said: "Wonderful neighbors For Sale: House FREE. Inquire within."

—sort of reminded me of Archie Wachs. There's a real good neighbor as I see it. He always looks like he just swallowed a twinkie—Brings out the best in everybody.

—And that reminds me of our custom made suits. They also bring out the best in everybody. The reason is that we properly advise you as to the color, weave and design that most compliments your complexion and figure. If you want to look better, better look in TRESKES MEN'S WEAR, 1319 El Prado, Torrance (between Newberrys and McCowry Drug).

strumental in the changing of the school system from the old Los Angeles school system to the one we have at present.

Watch for the date of one of the biggest and best picnics yet to be held in this area.

The executive board of North Torrance Elementary PTA will entertain the 64 graduates from the eighth grade at a luncheon this week and graduation exercises will be performed in the auditorium today with invitations to the parents being issued.

This Tuesday in honor of the Brownie troop birthday, 868 entertained with a party at the home of leader Evelyn Sexton 18300 Grevillea. All 14 members of the troop exchanged gifts and were served ice-cream and cup cakes. Those of the group include Dody Laney, Edna Swift, Elaine and Edith Tweed, Caroline Warner, Connie Carol, Connie Packham, Glenda McDowell, Deanna White, Joveta Melton, Charlotte Ann Meyers, Bonita Burch and Mary Lou Kelley. This group also skated at Redondo Rink last Friday.

The Junior-Senior prom was indeed an affair to be remembered, the atmosphere was one of music and pretty formals (many firsts and where lies a greater thrill?). Sally Collins 17025 Crenshaw was no exception seen dancing with her escort of the evening Sgt. Eddie VonBehren of the Air Corp and wearing a nylon net over pink taffeta, floor length and a beautiful orchid! This couple joined Bill Jackson and Joan Swintz, and the foursome finished the evening at the popular Palladium.

Beautifully gowned and handsomely dressed men graced the floor at the Inglewood Country Club Sat. evening when the Guided Missile group of Northrop Aircraft gathered for a dinner dance. Several floor shows were in progress but the most eye-catching was the fashion show of the RoseMarie Reed swim suits and summer togs. Among the group was the Duane Sherwoods, the Robert Richters and the Verle Jensens of Mar Vista. Mrs. Sherwood was very petite in a black satin top set with jet stones and a turquoise blue tulle over taffeta skirt, ballerina length with matching stole covered with sequins. Mrs. Richter was most striking in a fuchsia taffeta with sequins and also a matching stole. Mrs. Jensen wore flame covered with black net.

Brownie troop 1371 entertained at their Father-Daughter banquet June 8 at McMaster Hall. Around 60 people enjoyed the buffet dinner with the girls acting as hostesses and later in a program explained what had been done in the past year. The placemats made by the girls were very attractive as well as the name cards which were placed in gumdrops.

The Rev. Zeller of the Evangelical United Brethren Church will hold services at McMaster Hall Sunday at 9:30 a. m. Plans are for a church in this vicinity at a later date. All are urged to attend this first church services.

Mr. and Mrs. Jack Day and son Jack Jr. will reside at 3318 W. 174th after this week, the Day family is formerly of Tor-

rance. Mr. Day is a foreman at American Standard, and is the son of Mrs. W. A. Brooks.

One of those nice things that happen occasionally to those who give so unselfishly of their time and energy to the community happened to Mrs. Betty Johnson, 17219 Atkinson, Monday evening when 16 Campfire-

Girls gave a stork shower for their former leader and presented her with a complete set of baby and youth silverware in the Eternally Yours pattern to match the silver Betty already has in her home. Betty, who was once in the Tanawanda troop of Camp Fire Girls in her home state of Minn. and who served as secretary of the Harbor-

District Campfire Girls, organized this group of girls a year ago and has worked diligently with them until recently, she gave them up to await the stork. The party was held in the home of the new leader Mrs. Grace Breitenfeldt and the highlight of the evening came when the nut-cups appeared. They were made of flannel and dipped in wax held

together by a gold pin. An original idea of Judy Nelson and Penny LaMont.

The "Stitch and Chatter" Club consisting of some 18 gals up 178th St. way who meet twice a month gathered at the home of Mrs. Norman Bruffy, 2711 W. 76th this week. A lively time was had with Mrs. Bruffy, who had

Three

studied palmistry in college reading what goes on by the palms (caution gals!). Apple pie with whipped cream was served (these really throw all caution to the winds huh?). June 18 the group will meet at the home of Mrs. Robert Clark, 2843 W. 176th.

SUNDAY CONCERT
Sit in Your Car and Enjoy Our Sunday Free Concerts from 2:30 UNTIL 4:00 P.M.
