

Metropolitan Water District Lowers Taxes

Reduction in the Metropolitan Water District tax rate for the year 1952-53 from 30 cents per \$100 assessed valuation to 28 cents was announced this week by the MWD board of directors.

In a notice sent to City Clerk A. H. Bartlett, the MWD board of directors said the rate was being reduced despite the fact that a large construction program must be carried forward to meet Southern California's increasing need for Colorado River water.

The board action was made on the recommendation of Chairman Herntan Nelson of its finance committee and Controller Albert W. McKinley.

Of the 28-cent tax rate, McKinley states, 21 cents will be used to meet interest and principal payments on outstanding Colorado River aqueduct bonds that were sold to finance the construction of the giant \$200,000,000 water supply system. The remaining 7 cents will go to meet operation and maintenance expenses.

Torrance is one of the 46 Southern California cities which are members of the Metropolitan Water District.

Postmasters Return from Bay Seminar

Postmaster Clara Conner returned this week from San Francisco where she headed a delegation of Torrance area postal workers in attendance at an official postal seminar for California Post Office employees on central accounting.

The two-day sessions were designed to acquaint postal officials with the central accounting procedures being put into operation by the Post Office Department.

Attending from this area besides Mrs. Conner were Lou Deinger, assistant postmaster for Torrance; Rom Harvey, assistant postmaster of Lomita; Mrs. Bernice Murphy, Wilmington postmaster; Lillian Throne, Palos Verdes Estate postmaster; Mr. and Mrs. Robert Sleeth, of the Watson office; and Edythe Burgett, El Segundo. The group went to San Francisco Thursday, and returned Sunday.

ONLY with the Modern **PINWAE** home permanent Method...

SOFT, PINCURL NATURALNESS FROM THE VERY START—BECAUSE YOU SET IT THAT WAY!

Modern PINWAE is entirely different! Instead of blocking hair in rigid rows, then winding it on thin rods or crimping little curlers—you simply set your hair with full-size aluminum or plastic pincurl clips or curlers! Set it the way you like—your personal hair style! No need for long "processing"—neutralize, rinse and dry with hair still pinned in soft curls. Combs out soft and pretty from the start, already trained! Do discover PINWAE. Remember—the curl you set is the curl you get!
