CITED . . . Chief Hospital Corporationman James V. Oulmette, 1443 W. 218th St., has been cited for excellent service in performance of his duties with a Marine Medical Company during operations on the front lines in Korea, during the period Feb. 20 to Aug. 27. Oulmette is married to Harriet Sparrelich, granddaughter of one of Torrance's pioneer settlers, C. F. Fiesel, 1443 Carson, who has lived here, together with his wife, for the past 60 years. Fiesel was a Torrance resident when his farm, and one other, were the only buildings in this neighborhood. Mrs. Oulmette is a 1945 graduate of Torrance High School. She and her husband have three children.

Five Torrance Students Tour Caltech Campus

Five Torrance High School students were among the 800 visitors who attended the third annual Students' Day at California Institute of Technology Saturday.

The five, Don Howard, Darryl Lee, Clinton Barber, Basil Brady and Dick Whittington, spent the day touring the facilities of the college, looking at such exhibits as the synchrotron, aeronautical wind tunnels and torpedo research laboratories.

The pupils were selected by their instructor in physics, Alan Moore, who accompanied them. The boys were given luncheon at student guest houses, and faculty members heard a discussion of developments in the field of biology.

RENT FREE HOMES IN TORRANCE

At long last the utopia of rent free homes is here in Torrance. The man responsible for the happy condition is one Sam Van Wagner.

According to statements made by this gentleman, he has been making homes rent free for years and believes that, with proper cooperation, he could make every home in this city rent free.

His system is an art. He eliminates all the rents in a given piece of furniture through his modern upholstering method and thus the furniture is delivered to the home rent free.

Mr. Van Wagner of Van's Mattress & Upholstery Co., 2083 Torrance Blvd., says: "We're not big eaters but we are overstuffing champions." Remember the phone please—Tor. 1194. It's an ad.
