## Water Heater Leaks Bother Plaza Folks

By BOB STEELE  
121 Foothill  
Many residents, especially in the Plaza, are becoming alarmed at the large number of water heaters that are developing leaks.  
According to the best unofficial information, this is caused by electrolysis. It seems that we are situated in a direct line between two large power plants. The grounded electricity passes through our water pipes and weakens the metal in the heaters causing them to develop leaks at the weakest points.  
The solution to this problem is to remove the short lengths of pipe at the inlet and outlet to the heaters and replace them with plastic or rubber hose, according to some.  
One resident reports that dealers refuse to guarantee replaced heaters unless this is done.

**Newcomers: Mr. and Mrs. R. J. Prout and children at 1008 Eriell.**  
The Prouts arrived recently from Provo, Utah, and hope to make Torrance their permanent home.  
Mr. Prout is a metallurgical engineer with the Columbia Steel Company.  
Mrs. Prout was very enthusiastic in her praise for the friendly people of Torrance and all of California.

**Mrs. Schmidt, of 1020 Maple** is very excited over an unexpected visitor from Buffalo, N. Y. She was busily pushing straight things crooked and crooked things straight to prepare for a visit from her mother, who arrived a few hours after a telegram announcing her coming.  
Another visitor this week is a 6 ft. 5 inches 215 lb. Marine who left the police force in Korea last week to visit relatives in the Gardens before taking duty as a recruiter.  
T/Sgt. J. J. Lehan will be glad to discuss the Marine Corps with anyone of you who doesn't duck out of sight when you see him coming.

**Ralph Schmidt, president of the Homeowners Assn.** here, will take part in ground-breaking ceremonies for the new First Christian Church.

**Homeowners Assn. News:**  
There was a meeting of the executive board Tuesday at the home of President Ralph Schmidt to discuss ways and means of carrying out plans for the proposed improvements for our tracts.  
The officers and members are still anxious to see you at our meetings. They now have a copy of the constitution and by-laws for every home in both tracts.  
Nearly everyone should have his phone by now. It has been a long draw-out affair, but from all reports we will have service as scheduled. The telephone company promises service to all of the new Fairfax numbers by May 31.

## Strange Customs Follow Airman Home from Orient

"East is East and West is West."  
Mr. and Mrs. Lou B. Hearle, 26332 Belle Porte Ave., Harbor City, have been busy boning up on Oriental customs and manners lately after receiving the following missive from their son, Bud, who has spent the past 18 months on duty with the Air Corps in the mysterious East:  
"Dear Mr. and Mrs. Hearle: "Very soon your son will once more be in your midst, debrydrated, demobilized, demoralized, and demoralized. "In making your joyous program being with freedom and justice for all: engaged in life, liberty, and the somewhat delayed pursuit of happiness. "In making your joyous preparation to welcome him back into organized society, you must make allowances for his crude environment, which has been his miserable home for the past 18 months. In a word, he might be a little Asiatic, suffering from Korean Kimchi, or a little too much Saki; therefore, show no alarm if he prefers to squat on his heels or haunches instead of sitting on a chair; insists on taking off his shoes before entering the house, or has a tendency to bow when meeting or saying goodbye to someone. Keep cool when he pours gravy on his dessert at the supper table. He may insist on using chopsticks or fingers instead of silverware, or may prefer fishheads and rice to a T-bone steak. "Be tolerant when he takes his mattress off the bed and puts it on the floor to sleep. Don't let it shock you if, when talking on the telephone, he says "mushi, mushi, anony!" instead of hello, and "sayonara" instead of goodbye. For your benefit, kindly show him where the bathroom is, and the proper use of it."

BUD HEARLE  
Home is the airman

the long-forgotten facilities there.  
"After the first of April, 1953, send no more letters to the 22nd Crash Rescue Boat Squadron, APO 929, fill up the icebox with cold beer, drag out the civvies because:  
"I'M COMING HOME!"  
BUD."

The returning airman, who is expected home between the middle of April and the first of May, has another year and a half to go in the service, but he and his parents hope that he will be stationed somewhere on the west coast.  
He will also be welcomed home by his wife, the former Arvilla Grosskopf of Torrance, and his 9-month-old baby, whom he has never seen.  
Hearle is a graduate of Narbonne High School and attended Harbor Junior College for a year and a half, prior to enlisting in the Air Corps. In his 1 1/2 years in Japan, and six months in Korea, and the proper use of it.

"With kindness, tolerance, and an occasional quart of good American beer in front of him, you will be able to rehabilitate that which is now a hollow shell of the happy airman you once knew."

## Pair Attend Bankers March Dinner Meeting

R. J. Deininger and W. B. Hiekoex represented the Torrance National Bank at the March dinner meeting of the Independent Bankers Association of Southern California in Los Angeles this week.

Principal speaker at the dinner was A. C. Johnson, executive vice-president of the Credit Managers Association of Southern California.  
The dinner was attended by more than 150 bank officers representing the associated membership of 65 banks in the Southland. The Association's president, William C. Neary, vice-president of the Union Bank and Trust Co. of Los Angeles, presided.
