

Paul, 'The Butcher' Wanted For Slaughtering Used Car Prices

It's murder the way prices are being slaughtered at 1640 Cabrillo Ave.

The slaughter master is Paul Loranger, owner of Paul's Chevrolet, who is butchering prices on 120,000 pounds of select, choice, Grade AA, used cars.

"It's mighty easy to see that all of our cars, I mean 'cuts,' won't be on the scales but in come from high on the hog's back," said Loranger, as he sharpened his hollow ground price cutting cleaver.

"Our choicer pieces run around 3000 pounds and retail for about 50 cents per pound, well under the OPS prices—that is if there were any on our type of stock," says Loranger.

"Now here's a good steer. A 1951 Chevy station wagon for 68 cents a pound. A wonderful buy. And that's no 'bull,' claims Slaughter Master Loranger.

"Here's another bargain that you can't find a bone to pick with. A 1946 two-door Pontiac for 20 cents a pound. Mighty tender."

"We've got all the choicer cuts, Ford, Dodges, Nashes, Mercurs, Buicks and many other selections in our show case lots."

"Visit us anytime today or tomorrow until 8 p.m. Or on Saturday or Sunday until 5 p.m. You'll find no artificial coloring, no watering down, and when it comes to weighing, our thumbs

Drive-In Movie to Have New Technicolor Screen

Someone, who might be irked because the theater hasn't been converted to 3-D yet, threw two cans of paint at the screen of the Roadium Drive-In theater near Crenshaw on Redondo Beach Blvd. early Monday morning, Dale Castieger told Torrance police.

One can of paint splattered over the screen while the other hit the concrete base and splashed it.

No suspects were on the scene when police arrived a few minutes later.

ON THE CHOPPING BLOCK

Paul Loranger, owner of Paul's Chevrolet, who has been slaughtering prices of his used cars which will be sold by the pound this weekend, tells pretty Billie Morey she can have any amount up to 3000 pounds of used cars.

Seek Metropolitan Water for Alondra

The county engineer was authorized yesterday by the board of supervisors to negotiate with water companies for a method under which Alondra Park near Torrance could receive water from the Metropolitan Water district main near the north boundary of the park.

Action was taken on a recommendation from the county department of parks and recreation.

EXPERT WATCH REPAIRS

The Time Is Now
To Repair That Watch
