Ascension Day Observance Set

First Lutheran Church, corner of Acacia and Sonoma, will hold a special Ascension Day service Thursday evening, May 14, at 7:30. Pastor Paul Wenske will speak on the theme, "Christ's Coronation." Next Sunday, May 17, Pastor Wenske's sermon theme will be "Fishers of Men in the Church of Today." Rev. Wenske reminds all worshippers that the early Sunday school and early worship services will begin at 9 o'clock instead of 9:30 this Sunday and all future Sundays. The second Sunday school and second service will begin at the regular time of 10:45.

SEEDLINGS GROW
More than five times as many seedlings were produced in United States nurseries in 1950 as were grown in 1930.

BARGAIN CENTER... Clark's Market at Crenshaw and Compton Bldgs. as well as all other stores in the chain have chopped prices on thousands of items for the annual "Million-Dollar-Food-Sale" which starts today at all stores.

Clark's Million Dollar Food Sale Starts Four Day Run

Beginning Thursday, May 14 and continuing through Sunday, May 17, the Clark chain of super markets will celebrate its traditional annual stock-reducing Million-Dollar-Food-Sale. Said Clark Markets President Mark S. Schulman: "To the many thousands of good customers who still remember last year's event, we promise the greatest savings ever this year. Our aim is to reduce our stock values by \$1,000,000 and prices will be cut drastically to make this possible. The folks of this community should come prepared to save themselves many, many dollars."

Marvin Dizack, general manager of Clark Markets, was quoted as saying: "All our stores, all departments, have been alerted to participate to the hilt. We plan to reach our goal in this stock-reducing sale regardless of costs. The public will benefit with phenomenal savings."

Special events were being scheduled at Clark Markets during the four-day sale event. Clark's Western and Imperial store is sponsoring a Sperry-YMCA breakfast on Saturday morning while Clark's Gardena store at Crenshaw and Compton will feature Koko, the clown, on the same day.

Clark officials also announced that a new Clark market is due to open soon in Manhattan Beach, corner Sepulveda Ave. and 22nd St.

Airport Maps Circulated to Aid Flyers Using Torrance Airport

More than 1700 aerial maps of Torrance Municipal Airport and diagrams of the flight pattern enforced at the field were mailed to pilots, flying clubs, airport managers, and others this week by E. M. Doolin, director of aeronautics for California.

The map and suggestions to pilots using the airport was the result of the meeting held last month of the State Aeronautic Commission which probed complaints of Lomita citizens that planes were flying too low over residential areas.

Doolin's letter to pilots pointed out that the findings of investigations had been that 85 per cent of the offending aircraft were visiting the field and were not aircraft based at the field.

The letter also pointed out that landings on the 5000-foot strip must be made west of a white line drawn on the field about 600 feet from the eastern end of the paved landing. The landing restriction is a city ordinance which has been in effect for some time.

Sheriff Warns of Lottery Swindle

A lottery ticket swindle which originated in Brazil and has already claimed some victims in this area, was uncovered recently by the Los Angeles County Sheriff's office.

The bogus lottery tickets are being offered at \$3 each and list 110,000 prizes including a first prize of \$360,000, which is to be paid by the Brazilian Government.

According to a communication received by the Sheriff's office from the Brazilian Consulate in Los Angeles, that government has already taken steps to apprehend the parties responsible in that country.

Anyone having any information concerning the sale of these tickets is requested to contact the nearest Sheriff's Office.

Realtor From N. Y. Seeks Property Here

Alter Realty and Insurance, local realtors, have just received a request from a prominent New York realtor for a list of local industrial buildings now leased to prime tenants or well-located retail properties, as they have a client interested in investing in real estate in Torrance, according to Gerald Alter, president.

This indicates that the city of Torrance, as well as the real estate firm of Alter Realty and Insurance, is gaining national recognition.

Alter Realty and Insurance is currently listed in the 1953 year book of the Real Estate Board of New York, as well as the roster of the National Association of Real Estate Boards, which has national distribution.

MACHINES DO WORK
In 1950 only about 6 per cent of all energy used in the United States was produced by machines. Today machines do 90 per cent of the work in the United States.

LONG COAL TRAIN
A train carrying all the coal produced in American bituminous mines in 1950 would stretch around the world three and one half times at the equator.

EXPLOSIVES NEED
It takes 900 pounds of sugar to produce the explosives needed to fire one round from a modern battleship's sixteen-inch gun.
