

"FORT TII" — A new Natural Vision 3-D frontier epic, will open at the Warner Theater in San Pedro on Thursday May 28. It stars George Montgomery and features lovely Joan Vohn, pictured above. The picture is filmed in technicolor.

AUTO FUEL
Automobiles account for more than 70 per cent of all gasoline consumption for highway purposes in the United States.

Yes folks, that's my picture right up at the top of this column. I've just been hired by A-1 Photo Service to do special assignments in photography and to sell cameras and films and stuff. I'm a crack photographer myself so naturally I've been buying all my own equipment here and as I was always telling people how good the store was, the boss said he might as well put me on the payroll. He'll give me some tough picture assignments and I'm going to write a column here in the paper every week and tell you all about them and also I'll tell you about some of the stuff I sell here at our store. The selling part will be duck soup because we don't carry anything but the very best.

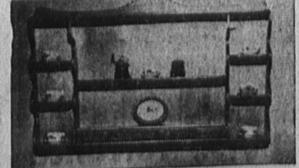

Read my column in this paper every week and say three you want anything that has to do with photography, just come in and see me and you'll really get it. I mean you'll get what you want. If I'm not in the store when you come in, don't wait for me. Confidentially you'll get good service and good merchandise anyway but don't tell the boss I said so. See you next week.

Edison Engineer Plans to Retire

Gilbert N. Holloway Sr., electrical engineer and power consultant at Southern California Edison Co., has announced that he will retire on June 1 after 26 years of service in Torrance and surrounding Harbor area.

For 20 years he was active in the Rotary Club and he was also actively interested in the study of philosophy, being a member of the Rosicrucian Order, AMORC, the Martinist Order, and other philosophical societies both here and abroad. His wife was also active in the civic affairs of Redondo Beach and was a life member of the Woman's Club there. Mr. and Mrs. Holloway plan to make their home in Desert Hot Springs, Calif. They have two sons, Dr. G. N. Holloway of Hollywood, and Ted Holloway, of Torrance.
