Malldale Sixth Graders to Tour Bank of America

Members of the Malldale Avenue School sixth grade class as part of a social studies lesson. Accompanying the children in addition to their teacher will be Donald J. Shroyer, Supervisor of School Savings, Los Angeles City Schools.

In addition to the above class children from other grades who are planning to open a new school savings account also will make the trip.

During the course of the tour, which will be handled by Manager Dean L. Sears and his staff, the youngsters will be allowed to enter the vault and see the safe deposit boxes, and will be taken behind the counter to see how the bank business is carried on.

After returning to school the children will have a discussion about their trip in preparation for a written essay about what they have learned at the bank.

The children also plan to make drawings, posters, and letters of appreciation to the manager of the bank.

School savings plans have a far-reaching and beneficial effect, Principal Amanda Bonwell said, urging parents to cooperate with teachers in encouraging children to set aside their coins for the purpose of opening bank accounts.

Knowing that habits of thrift are acquired at an early age both bankers and educators are working together to teach children this vital concept, according to Burton M. Oliver, Head Supervisor of the Thrift, Conservation, and School Savings Program of the LA City Schools.
