To The Voters of Torrance

It is our conviction as moral and spiritual leaders of the Community of Torrance that at the time of an election there is an opportunity for God-loving people to support those forces which will aid the forward movement of their community. We are conscious of the tremendous surge of interest in our nation to elevate the political atmosphere and to undergird the moral structure of newer communities such as Torrance.

We have considered the candidates at great length, their capabilities, moral strength and their possibility of being elected. It is our opinion that Mr. Willys Blount and Mr. Jack White are the candidates which the Torrance Ministerial Association would suggest you support. These two have proven themselves to be morally strong enough to take a stand with us and the rest of the spiritually concerned people of the community to warrant their election.
