New Kindergarten Enrollments Slated

By TEO CUNNINGHAM Davenport 6-1678

Spring is here for sure... at least the weather has been most spring-like, everyone seems to have the well-known lethargy so common at this time of the year and known to everyone as spring fever, and even the flowers are beginning to burst forth in a rapture of bloom... so what other conclusions can we come to?

And with spring comes the annual round-up of kindergarten children for next year. The registration of these small fry who will be old enough to go to the Howard Wood School this fall will be held on Wednesday and Thursday, May 12 and 13. If you have a child who will be five years old before the first of next December, either go to the school or call Davenport 6-4061, giving them your name and address so that they may send you an enrollment blank—along with an appointment for the child's physical examination.

There was lots of excitement at the Reynosa Dr. home of Bill and Eriene Walker last Friday for Mittens, their cat, presented them with three brand new kittens and six-year-old daughter Linda was thrilled to pieces. By Saturday morning everyone in the neighborhood, both young and old, had heard about the feline blessed event and a majority of them had to go see the new babies. Linda has already named them Blackie, Brownie and Skipper, and has decided that they are ever so much nicer than any dolls, for they are alive and each day get cuter and cuter.

Pat and Mrs. Rowan of Valia were week-end guests of Ted and Ione Aarup of 1929 Reynosa Dr. last Saturday and Sunday. Pat, who is a first grade teacher in the valley city, is Ione's younger sister.

We'd like to add our best wishes and congratulations to those of their neighbors and friends to Jack and Irene Hoy of Falena St., on the birth of their new daughter, Penny Jo. Big brother Skipper as well as older sister, Pammy think the new baby is plenty "all right."

Don and Jewel Steinhelper along with children Biechie and Sherry of Lancaster dropped by for an afternoon's visit with Ken and Teo Cunningham last Saturday. Don and Ken used to work together at Northrop, until Don was transferred to the desert location, so there was lots to catch up on and the "yacking" tier wast and furious.

Kettlerites enjoying the delicious breakfast following the Amstan Promotion Told

Raymond A. Stoesser has been appointed vice-president, general manager of manufacturing of the Plumbing and Radiator Heating Division of American Radiator & Standard Sanitary Corporation.

EROSION COST Washington (SF) — The surface of North America is worn down about one foot every 10,000 years by erosion processes, according to geological surveys.

annual communion service of the Catholic Daughters of America were Rosemary Weston, Eileen Hardesty, Velma Lucas, Helen Riek, and former Kettlerite Bernie Hartley. The breakfast was held at The Palms here in Torrance, with the speaker of the day being Joseph Lorenzen, who is a parole officer at the State Prison at Terminal Island.

Hope all you folks have ordered your doughnuts from the Cub Scouts of Pack 732-C, but if you haven't there is still a few days left in which you can place your order. The boys are selling the doughnuts to pay their way to Catalina Island, and each boy has to sell at least 20 dozen to accomplish this. The doughnuts have always been good in the past and as they are being obtained from the same place this year, will be fresh and delicious this year too. They will be delivered Saturday. Orders may be placed with any Cub Scouts in the pack here in the Knolls.

Please folks, don't be so modest, and call me when you have some news. We can't have any items to write about, so please call Davenport 6-4678 after 4:30 p.m.
